Antelope Valley Union High School District Release of Pupil Information/Student Opt-Out Form

Student Last Name: _____ First Name: _____ MI: ____ Grade: ____

State and federal law allow the District to release student directory information to certain individuals, officials, agencies and nonprofit organizations upon request and without prior consent unless the parent/guardian (or student over 18) informs the District in writing that they do not wish the student's directory information to be released. "Directory Information" means information that would not generally be considered harmful or an invasion of privacy if disclosed. This includes: the student's name; address; phone number; email address; date of birth; major field of study; participation in officially recognized activities and sports; weight and height of athletic team members; dates of attendance; degrees and awards received; and most previous school attended. (Educ. Code 49061)

Unless you direct otherwise, the District may release directory information relating to the student named above ("Student") to news media or nonprofit organizations (BP/AR 5125.1), and colleges and prospective employers shall have access to directory information. Military recruiters shall have access to a student's name, address, and telephone number, unless the parent/guardian has specified that the information not be released. (20 USC 7908; 10 USC 503; Educ. Code 49603) Private schools and colleges may be given the names and addresses of 12th grade students and students who are no longer enrolled, provided they use the information only for purposes directly related to the institution's academic or professional goals. (Educ. Code 49073) Notwithstanding the above, the District may limit or deny the release of specific categories of directory information to any public or private nonprofit organization based on a determination that it is in the best interest of District students.

The District publishes student directory information for the purpose of providing the community with information about activities, events, school awards, assemblies, and academic and co-curricular programs. District or school-sponsored publications may include school and district newsletters, websites, video productions, news releases, and District-related social media sites

If you do not wish to have the Student's directory information released to third parties or published as described above, you must opt-out by completing this form and returning it to the school office within the next 30 days.

Note: the District does not release directory information regarding homeless children or youth as identified by the McKinney-Vento Homeless Assistance Act, unless the parent, or homeless child/youth over the age of 18, or unaccompanied homeless youth over the age of 14, provides written affirmative consent to release that directory information (see "opt-in" below).

Absence, Chronic – EC 60901

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences—excused, unexcused and suspensions—and is an important measure because excessive absences negatively impact academic achievement and student engagement.

Absence, Confidential Medical Service

See “Medical Service—Confidential.”

Absence, Excused – EC 48205, 49701; SB1208, Ch. 312, Statutes of 1999; AB 387; BP/AR 5113, AR 6154

The District urges parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. The District also asks that travel or other absences be avoided during the time school is in session. The higher the District’s daily attendance rate, the more a student will learn and the greater the amount of funding that the District will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences. Following an absence, a student is required to bring a written excuse from home when returning to school. Absences without a written excuse are recorded as unexcused. A pupil shall be excused from school for justifiable reasons, including but not limited to, illness (including an absence for the benefit of the pupil’s mental or behavioral health), an appearance in court, observance of a holiday or ceremony of the pupil’s religion, an employment conference, engaging in a civic or political event (one day per school year), or to serve as a member of a precinct board for an election, when the pupil’s absence has been requested in writing by the parent/guardian. A pupil may be excused for up to four hours per semester to attend a religious retreat. No pupil absent under EC Section 48205 shall have a grade reduced or lose academic credit for missed assignments/tests that can reasonably be provided/completed. A pupil absent under this section may be allowed to complete all assignments and tests missed during the absence. Teacher discretion is allowed for the type of makeup and time period of such makeup. (See ATTACHMENT #2: Excused Absences—EC 48205.)

Absence, Religious Instruction

See “Religious Instruction Absence.”

Absence, Unexcused – BP/AR 5113

A student’s grades may be affected by excessive unexcused absences in accordance with board policy. Unexcused absences are at-home suspension, truancy, and absences for which no verifiable reason has been given by the parent/guardian. (See ATTACHMENT #1: Attendance Policy; Voluntary Saturday School Program.)

Academic Achievement Assessment – EC 60602; 5 CCR 852

Requires District to provide information on academic status and progress of pupils to pupils, their parents/guardians, and teachers on a timely basis.

Academic Failure – EC 49067; AR 5121

Requires governing board to prescribe regulations requiring the evaluation of each pupil’s achievement for each marking period. Requires written notice to, or a conference with, the parent/guardian when the student is in jeopardy of failing a course.

Accreditation – EC 35178.4

Requires a school board to give official notice, at a regularly scheduled meeting, if a school that has elected to be accredited by the Western Association of Schools and Colleges or another accrediting agency, loses its accreditation status. Further requires written notification to parents/guardians of pupils in that school.

Achievement Tests – EC 60615, 60641; 5 CCR 852, 863; AR 6162.51

Mandate’s school districts to report each pupil’s score, in writing, to the parent/guardian, when the District administers published standardized achievement tests that are norm-referenced. Specifies content of report.

Advanced Placement Fees, Financial Assistance – EC 48980(j), 52242

Animals at School – Americans with Disabilities Act; BP/AR 1312.3, BP/AR 6163.2

The District is responsible to permit students and/or adults with disabilities to be accompanied by a “service animal” in its school buildings, in classrooms, and at school functions, as required by the Americans with Disabilities Act. “Service animal” refers to any dog (or in certain circumstances, a miniature horse) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual’s disability. The provision of emotional support, well-being, or companionship does not constitute work or tasks for the purposes of this definition. The District is not responsible for the care or supervision of a service animal. The District may ask an individual with a disability to have a service animal removed from the premises if the service animal is not housebroken or if the service animal is out of control and its handler does not take effective action to control it. Complaints alleging violation of this policy will be governed by BP/AR 1312.3, Uniform Complaint Procedures (UCP). Questions may be directed to the Director of Student Services, 176 Holston Drive, Lancaster, CA 93535; phone (661) 729-2321.

Cal Grant Program – EC 69432.9; AR 5121, 5125

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University, or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants. In order to assist students applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted by the October 1 deadline to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent/guardian of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. Notification regarding CASC and the opportunity to opt out of being automatically deemed a Cal Grant applicant will be provided to all students and their parents or guardians by January 1 of the student's eleventh grade year. The Cal Grant opt out form is available in the school Guidance Office and must be returned to the school Guidance Office by October 1 of the student's twelfth grade year. (See ATTACHMENT #11: Cal Grant Opt Out Form.)

California Healthy Youth Act – EC 231.5, 51930-51939; HSC 1255.7; PC 271.5; BP/AR 6142.1, 6142.2

The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development. All public schools that teach sex education courses that discuss sexual intercourse are to include the provisions of Health and Safety Code 1255.7 and Penal Code 271.5 relating to parents/guardians and others who voluntarily surrender physical custody of a minor child 72 hours old or younger at a hospital emergency room or other designated place without being subject to prosecution.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.
3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act.
4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants.
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.
6. When the District chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of:
 - a. The date of the instruction
 - b. The name of the organization or affiliation of each guest speaker

The District may administer to pupils in grades 7 through 12 anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behavior and risks, including tests, questionnaires, and surveys, containing age-appropriate questions about their attitudes or practices relating to sex. Parents or legal guardians will be notified in writing about the administration of, the right to review, and the right to excuse their child from any test, questionnaire, or survey. (See ATTACHMENT #8: Notice of Health Education Classes)

California High School Proficiency Exam – EC 48412; 5 CCR 11523; AR 6146.2

The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency is equivalent to a high school diploma; however, it is not equivalent to completing all course work required for regular graduation from high school. Pupils planning to continue their studies in a college or university should contact the admissions office of the institution to find out if the Certificate of Proficiency will meet admission requirements. A pupil is eligible to take the CHSPE only if he or she meets one of the following requirements on the test date: 1) is at least 16 years old; 2) has been enrolled in the tenth grade for one academic year or longer; or 3) will complete one academic year of enrollment in the tenth grade at the end of the semester during which the CHSPE regular administration will be conducted. A fee for each examination application shall not be charged to a homeless or foster youth under the age of 25. Speak to your school counselor to understand the benefits of the Certificate of Proficiency. For more information, including administration dates and registration deadlines, visit the following website:

<http://www.chspe.net/>.

California Youth Football Act – HSC 124241 (6-12)

Under state law, students who participate in football games in grades 6-12 must have a licensed medical professional present during the game, whether playing at a home game or away at another school. This does not include Physical Education classes or intramural football games outside of extra-curricular athletics offered at the middle or high school.

Camera Surveillance on School Property – PC 647(j); AR 3515

For the safety of our students, staff, and visitors, the School District may employ camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time. Surveillance cameras will generally be utilized only in public areas where there is no "reasonable expectation of privacy." Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of District buildings or all District activities. District surveillance cameras will not be installed in "private" areas such as restrooms, locker rooms, changing areas, private offices, or classrooms.

Cancer Prevention Act AB 659

The parents and guardians of pupils admitted or advancing to the sixth-grade level are hereby notified that the State of California advises that pupils adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth-grade level of any private or public elementary or secondary school. (See ATTACHMENT #32: AB 659 HPV and HPV Vaccination)

Cardiac Arrest – EC 33479

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack; it is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. In a school district, charter school, or private school that elects to conduct athletic activities, the athletic director, coach, athletic trainer, or authorized person must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related. A pupil who is removed from play may not return to that activity until he or she is evaluated by, and receives written clearance from, a physician or surgeon. On a yearly basis, an acknowledgement of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil's parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular school day or as part of a physical education course.

Career Counseling and Course Selection – EC 221.5(d); BP 6164.2

Commencing grade 7, school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions.

Child Abuse Complaint Guidelines – PC 11164 et seq.

The District is committed to protecting all students in its care. All employees of the District are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred. District employees may not investigate to confirm a suspicion. All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (i.e. Police or Sheriff's Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are

confidential and cannot be disclosed except to authorized agencies. Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. In Los Angeles County, a parent/guardian may call (800) 540-4000 or the local police or sheriff department. Parents and guardians may also notify the District of an incident by contacting the Director of Student Services at (661) 729-2321. Child abuse does not include an injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:

1. To stop a disturbance threatening physical injury to people or damage to property;
2. For purposes of self-defense;
3. To obtain possession of weapons or other dangerous objects within control of a student;
4. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

Child Abuse Prevention Program – EC 51938; WIC 18976.5; AR 5141.4

Requires notice of mandated child abuse prevention programs and parental right to refuse to have his/her children participate.

Civility on School Grounds – EC 32210; CC 1708.9; AR 1310.1

The District is committed to maintaining orderly educational and administrative processes in keeping schools and administrative offices free from disruptions and preventing unauthorized persons from entering school/District grounds. Any person who willfully disturbs a public school or a public-school meeting is guilty of a misdemeanor, and may be punished by a fine of not more than \$500. It is unlawful for any person, except a parent/guardian acting toward his/her minor child, to intentionally or to attempt to injure, intimidate, interfere by force, threat of force, physical obstruction, or nonviolent physical obstruction with any person attempting to enter or exit any public or private school grounds.

College, Admission Requirements – EC 48980(l), 51229; AR 6143

Requires notice of general information regarding college admission. (See ATTACHMENT #19: College Admission Requirements and Higher Education Information.)

College, Investing for Future Education – EC 48980(d)

United States Savings Bonds may be an appropriate investment for future college or university education for your child. As an educational agency, we recommend that you research and invest in your child's educational future safely.

Competitive Athletes Seeking Higher Education Athletic Programs – EC 67455

Under state law, students who witness or are the victim of any wrongdoing condoned by the higher education athletic organization have a right to make a report, file, or otherwise assist the reporting of any violation of student athlete rights involving the program, participants, or staff. This right to make such reports is guaranteed by the "Student Athlete Bill of Rights" and may not result in retribution or removal of any benefits if the report has been made in good faith and truthfulness.

Competitive Athletics – EC 221.9

Schools shall make the following information publicly available by posting on the school's website: the total enrollment of the school, classified by gender; the number of pupils enrolled at the school who participate in competitive athletics, classified by gender; the number of boys' and girls' teams, classified by sport and by competition level. "Competitive athletics" means sports where the activity has coaches and a governing organization, practices and competes during a defined season, and has competition as its primary goal.

Complaints – Uniform Complaint Procedures

Concussion and Head Injuries – EC 49475; AR 6145.2

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than seven days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

Conduct of Employees – EC 44050; BP/AR 4119.21/4219.21/4319.21

The District shall provide a copy of the employee code of conduct to parents/guardians. (See ATTACHMENT #25: AVUHSD AR 4119.21/4219.21/4319.21—Professional Standards.)

Conduct of Students – 5 CCR 300

Pupils shall conform to school regulations, obey all directions, be diligent in study and respectful to teachers and others in authority, and refrain from the use of profane and vulgar language.

Conduct of Students, Jurisdiction – EC 44807

Teaching staff shall hold pupils to strict account for their conduct on the way to and from school, on the playgrounds, and during recess and school-sponsored activities.

Any student release situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents/Guardians are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

Medication, Administration, Anaphylaxis – EC 49414

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex, or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse, and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

The parents have the authority to decide who may participate on the oversight council. If you are interested, or if you know other parents of migratory students who are interested in this council, please contact the Migrant Program office at (661) 948-7655.

School districts that maintain a high school may grant a pupil an exemption from required attendance in physical education for two years any time during grades ten to twelve inclusive if the following criteria are met: (1) the pupil consents to the exemption; and (2) the pupil has met satisfactorily any five of six standards of the physical performance test administered in grade nine pursuant to EC Section 60800 (the *FITNESSGRAM*[®]). School districts that elect to grant such exemptions are to offer those exempted pupils a variety of elective physical education courses, each with a minimum of 400 instructional minutes every 10 school days. The governing board of the District will treat both the pregnant teen mother and the teen father with the same accommodations, regardless of sex. The teen parents may not be excluded from any class or extracurricular activities, solely on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or post-partum recovery. Physical and emotional ability to continue may only be determined by physician or nurse practitioner. Pregnant or parenting pupils may not be required to participate in pregnant minor programs or alternative programs, with the exception of personal choice.

Parental rights will be an option available in annual notifications or at semester term periods, welcome packets, orientation, online or in print, or in independent study packets as provided to all regular students from school districts or charter schools. Parental leave for eight weeks for preparation of birth of infant, post-partum for mental and physical health needs of the teen parents and to bond with infants, or any additional medically approved time to protect the infant or parents is allowed. Any additional time due if deemed medically necessary, as prescribed by physician or nurse practitioner. The pregnant and parenting teens are not required to take all or part of the leave to which they are entitled. Leave will be approved by the district or charter school supervisor of attendance, as excused absence, with a unique code similar to independent study. However, no work is required during the leave. Upon return, the parenting teens are entitled to return to the school courses that were in enrolled before taking leave. Make up plans and re-enrollment will be worked out with the school counselor or administrator to achieve an opportunity to fully participate in all activities, as before leave. If needed, parenting teen may enroll for a fifth year of instruction if on course for graduation requirements. If parenting teens were enrolled in an alternative school setting, a return to that environment is to be available as needed to achieve graduation. A pupil shall not incur any academic penalties due to using these available accommodations. An illness for sick child does not require a doctor note for the custodial parenting teens; the mother or father will be excused by the attendance supervisor.

Proficiency Exam

Promotion/Acceleration/Retention – EC 48070.5(e); BP/AR 5123

Requires development of board policy regarding promotion and retention of pupils. Provides for parent/guardian notification when pupil is identified as being at risk of retention and of their right to consult with school personnel regarding any decision to promote or retain and to appeal a decision to promote or retain. It is the intent of the Governing Board that students’ progress at least to a normal rate of earning credits throughout their four years of high school. Mastery of content in the ninth and tenth grades is essential to student success in high school. Every effort should be made at the comprehensive high schools to support students who are having difficulty with academic progress during these years. Staff will identify students who are behind in credits and provide support and alternatives as appropriate. Programs that are available to assist students may vary from school to school. They will conform to District regulations.

Property Damage – EC 48904

Parents or guardians may be held financially liable if their child willfully damages school property or fails to return school property loaned to the child. The school may further withhold the grades, diploma, and transcript of the pupil until restitution is paid.

A cumulative record, whether recorded by handwriting, print, tapes, film, microfilm, or other means, must be maintained on the history of a pupil’s development and educational progress. The District will protect the privacy of such records. Parents/guardians have the right to 1) inspect and review the pupil’s educational record maintained by the school, 2) request that a school correct records which they believe to be inaccurate or misleading, and 3) have some control over the disclosure of information from educational records. School officials with legitimate educational interests may access pupil records without parental consent as long as the official needs to review the records in order to fulfill his/her professional responsibility. Upon request from officials of another school district in which a pupil seeks or intends to enroll, the District shall disclose educational records without parental consent. Parents’ request to access their pupil’s educational records must be submitted in a written form to the school registrar, and the school will have five (5) business days from the day of receipt of the request to provide access to the records. Copies of pupil records are available to parents for a fee of \$0.25 per page. Any challenge to school records must be submitted in writing to the school principal. A parent challenging school records must show that the records are 1) inaccurate, 2) an unsubstantiated personal conclusion or inference, 3) a conclusion or inference outside the observer’s area of competence, 4) not based on the personal observation of a named person with the time and place of the observation noted, 5) misleading, or 6) in violation of the privacy or other rights of the pupil. However, records qualifying a student for special education and related services are not designated as permanent records. It is the District’s policy to destroy all student records that are not permanent records following the third year after a student has graduated or otherwise left the program since the records will no longer be needed for educational purposes. Because information about the student’s disability may be necessary to apply for and obtain assistance from the State of California or the federal government, it is recommended that copies of any records that may be required for this purpose be requested from the student’s school upon graduation or upon leaving the District programs. Physical copies of nonpermanent student records of students who graduate or leave the District programs before June 30, 2025 shall be destroyed according to governing board policies during the school year following July 1, 2028. However, electronic digitized copies of a student’s special education record shall remain available upon request.

Pupil Records, Name Change – 5 CCR 432; BP 5145.3

Registration Denial – PC 627.5; AR 3515.2

This law specifies the content of a written request for a hearing from a person denied registration and entrance to a school. It requires the principal or superintendent to promptly mail a written notice of the date, time, and place of the hearing. Timelines are specified.

Release of Pupil Directory Information – EC 49073; 20 USC 7908; AB 143; AR 5125.1

No information may be released to private profit-making entity other than employers, prospective employers, and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television stations. Directory information may be disclosed without prior consent from the parent/guardian unless the parent/guardian submits a written notice to the school to deny access to his/her pupil’s directory information. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or eligible pupil, has provided written consent that directory information may be released. (See ATTACHMENT #0: Release of Pupil Information/Student Opt-Out Form.)

Release of Pupil Information, Juvenile Court Records – WIC 827, 831; AR 5125

Juvenile court records should be confidential regardless of the juvenile’s immigration status. Only if a court order is provided, will any student information be disseminated, attached, or provided to federal officials. The court order must indicate prior approval of the presiding judge of the juvenile court. Otherwise, juvenile information is protected from distribution and remains private without a court order. Whenever a pupil has been found by a court to have committed any felony or misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense, assault or battery, larceny, vandalism, or graffiti, the court will provide a written notice to the superintendent of the school district of attendance. The superintendent will then provide the information to the principal at the school of attendance, who will disseminate the information to any administrator, teacher, or counselor directly supervising or reporting on the behavior or progress of the pupil, allowing them to work with the pupil in an appropriate manner. Students may return to their school of origin from their placement in a juvenile court school to reduce the gap in the academic achievement of children in out-of-home care.

Release of Pupil Information, National Origin – EC 49077; 20 USC 1232g; AR 5125, AR 5145.13

A pupil’s citizenship status, immigration status, place of birth, or any other information indicating national origin will not be released without parental consent or a court order or judicial subpoena. However, records qualifying a student for special education and related services are not designated as permanent records. It is the District’s policy to destroy all student records that are not permanent records following the third year after a student has graduated or otherwise left the program since the records will no longer be needed for educational purposes. Because information about the student’s disability may be necessary to apply for and obtain assistance from the State of California or the federal government, it is recommended that copies of any records that may be required for this purpose be requested from the student’s school upon graduation or upon leaving the District programs. Physical copies of nonpermanent student records of students who graduate or leave the District programs before June 30, 2025 shall be destroyed according to governing board policies during the school year following July 1, 2028. Local districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students. (See ATTACHMENT #27: AVUHSD BP/AR 5141.52—Suicide Prevention.)

During the 2024-25 school year, the AVUHSD may administer such a survey to selected parents, staff, and students. The survey would be a powerful tool that can help schools and districts accurately identify areas of student and school strengths and weaknesses, and address related needs. It would provide a comprehensive process to guide efforts to improve school climate, learning supports and engagement, as well as identify and increase the quality of health, prevention, and youth development programs. It would be voluntary. Students who, with your permission, agree to participate would not have to answer any questions they do not want to answer, and may stop taking the survey at any time. If you would not want your student to participate in the survey, notify your student’s school to complete the withdrawal of consent form. It would be anonymous. No names would be recorded or attached to the survey forms or data. The results would be made available for analysis only under strict confidentiality controls. To review the content of the survey when it becomes available, please contact your student’s school site.

Williams Complaint Procedures – EC 35186; AR-E 1312.4

Every school must provide sufficient textbooks and instructional materials. Every student, including English learners, must have textbooks or instructional materials, or both, to use at home or after school. School facilities must be clean, safe, and maintained in good repair. There should be no teacher vacancies or mis-assignments. If a school is found to have deficiencies in these areas, and the school does not take corrective action, then a complaint form may be submitted. Parents, students, teachers, or any member of the public may submit a complaint regarding these issues. However, it is highly encouraged that individuals express their concerns to the school principal before completing the complaint forms to allow the school to respond to these concerns. (See ATTACHMENT #6: Williams Complaint Procedures.)

Requires both the former district and the receiving district to notify the parents/guardians in writing of the decision to withhold as specified.

ATTENDANCE POLICY**

1. Parents/Guardians will be notified of this policy at the beginning of each school year or upon the enrollment of the student if such enrollment is during the school year.
2. Parents/Guardians will be sent notification by mail of the number of unexcused absences their student has in each class at the following times: first quarter progress report, first quarter report card, second quarter progress report, third quarter progress report, third quarter report card, fourth quarter progress report. Notification of unexcused absences may be sent more frequently than outlined above.
3. Parents/Guardians may clear, by note, or phone call, or other approved method any non-suspension or non-truant absence during a period of time not to exceed three school days after the occurrence of the absence. After the three-day window of opportunity a doctor's note indicating a diagnosis is required to clear an absence.
4. If a student is absent from school for a portion of the day for illness or a doctor's visit, the parent/guardian must properly check the student out of school through the attendance office. If this procedure is not followed, the student's period absences may be marked as unexcused.
5. Students may opt to attend Voluntary Saturday School (VSS) for a minimum of four hours to clear an all-day absence that is not a truancy or suspension. Parent/Guardian permission is required for the student to attend Voluntary Saturday School.
6. The Superintendent is directed to establish procedures to implement this policy. Annually, an evaluation of this policy shall be reported to the Governing Board.

**Antelope Valley Union High School District
VOLUNTARY SATURDAY SCHOOL PROGRAM**

The Attendance Committee recognizes the need to allow an alternative attendance option in its attendance policy. We hope that parents/guardians will be proactive in their student's attendance and take the responsibility to clear absences as they occur. The purpose of Voluntary Saturday School (VSS) is to allow students with excessive unexcused absences to engage in instruction on a Saturday in order to reduce the number of absences. Eligible types of absences to be reduced are any unverified all-day absences. Suspensions and confirmed truanancies may not be reduced through this program.

1. The student must sign up for the program by no later than 3:00 p.m. on the Thursday prior to the VSS date. Parent/Guardian permission by writing or verbal contact is needed for the student to attend VSS.
2. The VSS teacher will monitor the progress of the students who are voluntarily attending.
3. The VSS teacher will have the final decision as to whether the student receives credit for the day or no credit. This decision will be based upon the amount of work completed by the student. A student may be dismissed from VSS, with loss of credit, due to inappropriate behavior.
4. The following Monday, the VSS teacher will deliver to the administrator over the program a list of students who received credit for VSS.
5. Upon successful completion of the VSS, the student will have one full day of unverified absence re-coded in the computer attendance files to represent attendance to a VSS program. The absence will now be considered excused and will no longer count against the student in relation to the attendance policy.

**NOTICE OF ALTERNATIVE SCHOOLS
California Education Code 58501**

California state law authorizes all school districts to provide for alternative schools. Education Code 58500 defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy;
- b) Recognize that the best learning takes place when the student learns because of his/her desire to learn;
- c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects;
- d) Maximize the opportunity for teachers, parents/guardians, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process;
- e) Maximize the opportunity for the students, teachers, and parents/guardians to continuously react to the changing world, including but not limited to, the community in which the school is located.

In the event any parent/guardian, pupil, or teacher is interested in further information concerning alternative schools, the County Superintendent of Schools, the administrative offices of this District, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the District to establish alternative school programs in each district.

ATTENDANCE OPTIONS
California Education Code Section 48980
 (Page 1 of 3)

The Antelope Valley Union High School District currently provides comprehensive educational programs for school-age children enrolled in grades nine through twelve. These programs are available on a limited basis through statutory attendance options to students who reside outside District boundaries. Additional attendance options as described below are available on a limited basis to pupils whose parents/guardians currently reside within the District's attendance boundaries and to pupils who have established residency pursuant to provisions of Education Code 48204. Current statutory attendance options and local attendance options available to District pupils are as follows:

Compulsory Education—EC 48200

Compulsory Education law states that students must enroll in school in the school district in which the residence of either the parent or legal guardian is located. If a parent is seeking a change in a public district outside of the resident district, then an inter-district permit is required. Exceptions are for charter school, home school or other private school enrollments, and other online charter school options.

Residency Requirements – EC 48200, 48204, 48204.2, 48204.3, 48206.3-48208, 48301, 48350-48361, 48980, SB 381; BP/AR 5111.1

The Governing Board shall admit only those students who provide proof of District residency. Such proof shall be required prior to enrollment. When establishing students' residency for enrollment purposes, the District shall not inquire into the citizenship or immigration status of students or their family members. A pupil residing within the District may establish residency by documenting that he/she lives with a parent/guardian within the District. A pupil may alternatively comply with the residency requirements for school attendance in a school district if an inter-district attendance agreement is in effect and/or if he or she is any of the following: placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is placed in foster care who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order. Students in military and migrant families may remain in their school of origin and shall have waived residency restrictions due to the frequency of movement of their families. Connect with the enrollment office at your pupil's high school for more information on the protections afforded these students per California laws. If the Superintendent or designee determines that a student does not meet district residency requirements and denies the student's enrollment in the District, he/she shall provide the student's parent/guardian an opportunity to appeal that determination.

Inter-district Attendance—EC 46600

An inter-district agreement is signed by both the releasing and accepting districts. When denied, there are appeal processes according to the local district policies. The education rights holder may appeal to the Los Angeles County Office of Education for an appeal process within 30 days of a final denial from either district. The parent or legal guardian of a pupil may seek release from the school district of residence to attend a school in any other school district. School districts may enter into agreements for the inter-district transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an inter-district transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. A student who has completed grade 10 by June 30 may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district and must be treated the same as any other resident student. Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer.

Inter-district Attendance—EC 46600 (Continued)

Nor may a district prohibit an inter-district permit release when no intra-district permit options are available to a victim of bullying. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying. A student who is appealing a decision for an inter-district permit approval through the County Office of Education may be eligible for provisional admission to the desired district in grades TK through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months. A pupil who has been determined by personnel of either the school district of residence or the district of proposed enrollment to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for inter-district attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an inter-district attendance agreement. Inter-district permits shall not be denied for release from district of residence, but may require the same entrance requirements from desired districts. For active military families, pending transfer orders, may have ten days to produce documents after the family has relocated. Once orders are in writing, they may be forwarded to the intended resident district or charter to start the enrollment process and avoid delays. Coursework and graduation requirements are exempted for children of active military. Each school district shall post their inter-district policy agreements and local district caps on their district and/or school website. Reasons for approval and denial of inter-district transfer request must be updated on the district website according to board policies. The County appeals process will be offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have any questions about the inter-district process, please call the Student Services office at (661) 729-2321, or call the Los Angeles County Office of Education at (562) 922-6233. The online “Inter-district Transfer Application” and procedures are available on the District website at <https://www.avdistrict.org/parents/inter-district-transfers> or in the AVUHSD Student Services office at 176 Holston Drive, Lancaster.

Inter-district Attendance—Parent/Guardian Employment—EC 48204(b)(1); SB140 (Allen Bill)

Some school districts may choose to accept employment in lieu of residency. A school district allows a student to have complied with the residency requirements for school attendance in the district if at least one parent/guardian of the pupil is physically employed within the boundaries of that district for a minimum of ten hours during the school week. Once admitted to residency, the pupil’s transfer may be revoked only if the parent ceases to be employed within the boundaries of the district. As a resident, the student does not have to re-apply for the transfer to be valid. The online “Inter-district Transfer Application” and procedures are available on the District website at <https://www.avdistrict.org/parents/inter-district-transfers> or in the AVUHSD Student Services at 176 Holston Drive, Lancaster.

Intra-district Open Enrollment—EC 35160.5(b)

Residents of the school district may apply to other schools that serve the same grade levels within the District for their child to attend on a space available basis through Open Enrollment. Information on each school within the District is provided on the District website at <http://www.avdistrict.org>. Parents/Guardians of high school athletes should check on CIF sports eligibility rules before pursuing Open Enrollment. Transportation to any other school is the responsibility of the parent/guardian. Requests for admission will be based on a random, unbiased selection process. The deadline to submit Open Enrollment applications for the 2024-25 school year is March 8, 2024. The Open Enrollment application is an online form accessible during Open Enrollment at the following link: <https://www.avdistrict.org/parents/open-enrollment>. However, for additional information, see attached sample Open Enrollment application form and procedures. No pupil who currently resides in the attendance area of a school can be displaced by pupils transferring from outside the attendance area. Students who are a victim of bullying shall be allowed an intra-district permit to transfer if space is available at the same grade level. If there is no “intra-section district” space to attend, the student may seek an “inter-district” permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district’s transfer policies. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

For additional information about the attendance options described in this notification, please contact your local school principal, or call the Student Services office at (661) 729-2321.

Other Intra-district Enrollment

Except for transfers for victims of a violent crime and from a “persistently dangerous school,” the following procedures shall apply to intra-district Open Enrollment:

To implement intra-district Open Enrollment pursuant to Education Code 35160.5:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of these schools and Open Enrollment Applications shall be available at each school site, the district office, and on the district’s Web site.
2. All students who submit applications to the Student Services office by the Open Enrollment application deadline shall be eligible for the applicant lottery pool for admission to their requested school the following school year. Applications will be received after the deadline only from those who did not reside in the District as of the deadline. These may be considered if further openings exist.
3. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.
4. Any applicants still remaining on the waiting list as of the first day of school shall attend their high school of residence. If these students wish to be included in the next Open Enrollment process for the following school year, a new Open Enrollment Application must be submitted by the next Open Enrollment deadline.
5. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
6. Applicants who receive approval must confirm their enrollment within 10 school days. (Applicants who do not contact the Student Services office to decline their Open Enrollment approval are considered to be confirmed.)
7. Any complaints regarding the Open Enrollment process shall be submitted in accordance with the applicable complaint procedure. (*cf. 1312.3 – Uniform Complaint Procedures*)

General Rules for Open Enrollment

1. The number of Open Enrollment transfers allowed is contingent on the availability of space at the requested site/program.
2. All students who are not on Open Enrollment will establish residency at a school following one grading period (one semester). They may then remain at the school without an Open Enrollment Application even if their official residency changes from that attendance area.
3. Once enrolled in the approved school, a student shall not be required to apply for readmission.
4. Once enrolled in the approved school, return to the prior school of residence can be accomplished only through an Open Enrollment Application during a subsequent Open Enrollment period.
5. Once enrolled in the approved school, if a student’s official residency changes to a location in another school attendance area within the Antelope Valley Union High School District (AVUHSD) boundaries, that student may choose either to remain in the approved school or to attend the new school of residence.
6. Once enrolled in the approved school, if a student’s official residency changes to a location outside the AVUHSD boundaries and then subsequently changes back to within the AVUHSD boundaries, that student may choose to attend either the new school of residence or the previous approved school regardless of the location of the new residence within the AVUHSD boundaries.
7. It is the intent of the District not to separate siblings. Open Enrollment approval for one sibling will be considered approval for other siblings in the same family during the time in which any sibling is enrolled in the approved school. However, subsequent siblings are required to submit individual Open Enrollment applications.
8. Transportation for approved Open Enrollment transfers is the responsibility of the parent/guardian. The District shall not provide transportation outside the school’s attendance area except as provided by policy and/or required by law.
9. Students approved for Open Enrollment transfer will be eligible for participation on interscholastic teams in the receiving school consistent with C.I.F. rules. Transferring students may be ineligible for one year for varsity athletic teams. Principals may approve sub-varsity eligibility if there is no evidence of recruitment. Freshman students are eligible at their first high school of attendance.
10. Recruitment of individual students for particular programs by staff members of school-sponsored organizations is expressly prohibited; i.e., athletics, band, etc.

Non-approved Enrollment

1. In the event a student enrolls in a school other than the regular school of attendance without an approval, he/she shall be transferred to the proper school as soon as practical as determined by the school.
2. All school attendance offices will conduct a review of all student addresses prior to the third week of the new school year to determine non-approved enrollment.

Specialized Programs

1. Minimum entrance criteria may be established for specialized schools or programs. These may include “academies” or “career path”-type programs.
2. These shall be considered as separate schools as it relates to the above selection procedures.
3. If the number of students who meet the minimum entrance criteria exceeds the number of openings, enrollment in the school/program of preference shall be determined by lot from the eligible applicants. A waiting list shall be established to indicate the order in which students may be accepted as openings occur.
4. Open Enrollment approval for a specialized program of preference is subject to revocation if the student is not enrolled in that program.

For pupils, employees, parents or guardians of its pupils, school and district advisory committees,
appropriate private school officials or representatives, and other interested parties

The Antelope Valley Union High School District is committed to equal opportunity for all individuals in education. Our District programs and activities shall be free from discrimination, harassment, intimidation, or bullying based on actual or perceived characteristics of race, ethnicity, color, ancestry, nationality, national origin, citizenship, immigration status, ethnic group, ethnic group identification, lack of English skills, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, or any other unlawful consideration, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics. The District has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs and has established procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying and complaints alleging violation of such state or federal laws. The District will post a standardized notice of the educational rights of foster youth, homeless students, former juvenile court school students, and immigrant students enrolled in a newcomer program, as specified in Education Code 48853, 48853.5, 49069.5, 51225.1, and 51225.2, and the complaint process.

The District shall investigate and seek to resolve any such complaints using policies and procedures known as the Uniform Complaint Procedures (UCP) adopted by our local board. Complaints alleging the occurrence of unlawful discrimination, harassment, intimidation, or bullying in district programs and activities may be based on actual or perceived characteristics of race, ethnicity, color, ancestry, nationality, national origin, citizenship, immigration status, ethnic group, ethnic group identification, lack of English skills, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, or on a person's association with a person or group with one or more of these actual or perceived characteristics. The UCP shall also be used to address any complaint alleging the District's failure to comply with state and/or federal laws in adult education programs, After School Education and Safety programs, agricultural career technical education, bilingual education, peer assistance and review programs for teachers, career technical and technical education and training programs, child care and development programs, compensatory education, consolidated categorical aid programs, Economic Impact Aid, English learner programs, Every Student Succeeds Act, federal education programs in Title I-VII, migrant education, physical education instructional minutes, Regional Occupational Centers and Programs, school safety plans, school site councils, local control and accountability plan (LCAP), and any other district-implemented program which is listed in Education Code 64000(a) or with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities or with inappropriate assignment of a pupil to courses without educational content or with accommodations for lactating students or with requirements related to the educational rights of foster youth, homeless students, former court juvenile school students, or children of military families, or alleged retaliation against a complainant.

A student enrolled in a public school shall not be required to pay for participation in an educational activity that constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities. A complaint regarding student fees must be filed no later than one year from the date the alleged violation occurred. A complaint regarding student fees or the local control and accountability plan may be filed anonymously if the complainant provides evidence or information leading to evidence to support the complaint.

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by the District. Complaints must be filed in writing with the compliance officer. Complainants shall be protected from retaliation, and the identity of a complainant alleging discrimination shall remain confidential as appropriate.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying, unless the time for filing is extended by the Superintendent or designee.

Complaints will be investigated, and a written decision or report will be sent to the complainant within sixty (60) calendar days from the receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant. The District personnel responsible for investigating the complaint shall conduct and complete the investigation in accordance with Sections 4680-4687 and in accordance with local procedures adopted under Section 4621.

The complainant has a right to appeal the District's decision to the California Department of Education (CDE) by filing a written appeal within 15 calendar days of receiving the District's decision. The appeal must include a copy of the original complaint filed with the District and a copy of the District's decision.

Civil law remedies may be available under state or federal discrimination laws regarding unlawful harassment, intimidation, or bullying, if applicable. (SCCR Section 4622) In appropriate cases, an appeal may be filed pursuant to Education Code Section 262.3. A complainant may pursue available civil law remedies outside of the District's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

A copy of the District UCP policy and complaint procedures shall be available free of charge. For further details or to file a complaint under the Uniform Complaint Procedures, please contact the District compliance officer:

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

4. A complaint form may be obtained at the school office or District Office, or downloaded from the School District web site: <http://www.avdistrict.org>. You may also download a copy of the Sample Williams Complaint Form in English and other languages from the California Department of Education web site: <http://www.cde.ca.gov/re/cp/us>. ATTACHMENT #8: Notice of Health Education Classes

August 2024

NOTICE OF HEALTH EDUCATION (HEALTHFUL LIVING) CLASSES

Over a period of years, the health education programs currently offered at all schools in the Antelope Valley Union High School District have been developed with community support from PTA members, interested parents/guardians, county health authorities, representatives from the local ministerial association, and local physicians working closely with teachers and school administrators. These committees have helped in recommending which topics should be taught in health education, in selection of materials to be used in the classroom, and in the review of the health education programs. The program is periodically reviewed by a citizens' committee. The Governing Board has accepted the recommendations of the committee regarding this District's health instructional program and readopted the course of study which is in use throughout the District.

The health education course is required for graduation. The course is comprised of a number of separate but related topics which include the family, peer pressure, decision-making, growth during adolescence (health problems, personal hygiene, communicable diseases, including venereal disease, HIV/AIDS prevention, non-communicable diseases, harmful effects of alcohol, narcotics, and tobacco), family life and sex education, and understanding the protection of your health (food and nutrition, first aid, and safety).

While our graduation requirements include health education, if you do not want your pupil to receive instruction in a topic, in accordance with state law and District regulations, it will be necessary for you to request, in writing, that your pupil be exempted from the instruction. Requests for exemption from specific topics of instruction should be addressed to the school principal. Requests for exemption from the entire class must be approved by the Governing Board and should be directed to:

Chris Grado
Assistant Superintendent
Educational Services
Antelope Valley Union High School District
176 Holston Drive
Lancaster, CA 93535
(661) 948-7655, Ext. 2504

Should you wish to inspect health education materials to be used in the instruction of your pupil or wish to obtain a copy of EC 51930 et seq., please call the principal of the school where your child attends. Arrangements can be made for you to visit the school and review the materials.

ATTACHMENT #10: Notification Regarding Use of Pesticide Products

August 2024

Dear Parent/Guardian,

To meet the requirements of the **California Healthy Schools Act of 2000**, the District has adopted an Integrated Pest Management (IPM) policy. This policy includes notifying staff, parents, and/or guardians of pesticide use.

To avoid serious health problems which are posed by pests or to maintain the safety and integrity of a building structure, it may be necessary to apply pesticide at your child's school.

The attached list of pesticide products has been approved for potential use at District sites. In the majority of cases, the products used fall into the safest category "Caution," and pest management products shall not be applied when students are present. Applicators shall complete annual IPM safety training, strictly following the U.S. EPA label instructions, and only apply pesticides with the least risk and when their use is necessary. For additional information on pest management products, you may access the California Department of Pesticide Regulation website at <http://www.cdpr.ca.gov/>.

In the event the use of a product is required that is not on the approved list, you will be notified 72 hours in advance with the exception of emergency circumstances that warrant an immediate response.

If your child's health and/or behavior would be influenced by exposure to pesticide products and you would like to be notified each time a pesticide application takes place at your child's school, please contact Daniel Ramos, Director of Human Resources, at the number shown below. A "Request for Individual Pesticide Application Notification" form will be mailed to your home. Once the completed form has been returned, you will be notified in advance of pesticide application at your child's school.

If you have any questions, please do not hesitate to contact me or the Risk Management Department at (661) 948-7655, extension 2228.

Sincerely,

A handwritten signature in blue ink that reads 'D. Ramos'.

Cal Grants can be used at any University of California, California State University, or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

The California Student Aid Commission (CSAC) requires that **all** students enrolled in grade 12 in a California public school, including charter schools, be deemed a Cal Grant applicant, unless the parent or the grade 12 adult student (at least 18 years of age) opts out. AVUHSD schools will electronically submit GPA verification for all seniors to the CSAC, except for those who have chosen to opt out.

If you do not wish for yourself or your student to be a Cal Grant applicant, you must OPT OUT by **OCTOBER 1 of the student's senior year**. To opt out, complete the form below and return it to your school's **Guidance Office**.

The Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet. Before using the District's technological resources, each student and his/her parent/guardian shall sign and return an Acceptable Use Agreement specifying user obligations and responsibilities. INTERNET SAFETY

Dear Parent/Guardian:

The Antelope Valley Union High School District prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology posted to popular social networking Web sites. Many sites contain instant messaging components that allow students to chat with other students and to post statements that ordinarily would not be said in a face-to-face conversation. The popularity of these Web sites seems to be growing. *Facebook.com*, for example, is said to have millions of members and has become one of the most popular “message exchange” sites among students nationwide.

Unfortunately, some of these Web sites are being used by child predators, “cyber bullies,” and con artists. To our knowledge, there are no adults officially responsible for monitoring the content on such Web sites, and some students use the sites to participate in online bullying or to threaten harm to other students. The so-called “cyber bullies,” mostly children between the ages of 9 and 14, use the anonymity of the Web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of our schools, there have been instances of adults posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students’ home or school addresses, thereby becoming easy targets for predators.

The AVUHSD has blocked the use of these social networking Web sites from our school computers. We will continue to block objectionable material as we deem appropriate.

Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These Web sites are public domain, and anything posted there can be seen by anyone who has Internet access. Although most of what is written is not immoral, offensive, or illegal, some of it is. If you choose to do so, you may investigate a site by personally logging on to the site. The services are free, and users may register using an email address. Once you have registered, you can search by name and email address to see if your child is registered. You can narrow the search results by entering the name of your city. You will be able to view the kinds of personal information, messages, diaries, and photographs that students post.

Helpful Tips and Resources

We encourage you to talk with your son or daughter about the potential danger of the Internet. Ask if they have an account with *Facebook*, *Instagram*, *Snapchat*, *Twitter*, or similar Web sites. If your child is using such a site with your permission, you may want to review his or her profile to ensure that no personal and identifiable information has been posted.

We also encourage you to establish rules and guidelines to ensure the safety of your child while on the Internet. Some Web sites offer parental or family guidance for Internet safety; for example, *SafeKids.com*, located online at <http://www.safekids.com>, and *Web Wise Kids*, located online at <http://www.webwisekids.org>, by telephone at 866-WEB-WISE, or by email at webwisekids2@aol.com.

The AVUHSD will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home. Thank you for your support and cooperation in keeping our students safe. If you have questions or would like more information, please feel free to contact our Director of Technology at (661) 948-7655.

Sincerely,

Greg Nehen
AVUHSD Superintendent

ATTACHMENT #16: Letter Regarding Truancy

Dear Parent/Guardian:

On behalf of the Antelope Valley Union High School District Attendance Offices, I would like to welcome you to the 2024-25 school year. Our District takes truancy issues seriously, and we feel that it is important that you understand that truancy is against the law. California Education Code Section 48260 states:

(a) Any pupil subject to compulsory full-time education or to compulsory continuation education who is absent from school without valid excuse three full days in one school year or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant and shall be reported to the attendance supervisor or the superintendent of the School District.

Because truancy is such an important issue, our District has developed specific policies and interventions which we feel can help students and parents/guardians if action is taken early. We recommend that you, as the parent or legal guardian, contact the school regularly to check on your student's attendance. We will be notifying you by mail if your student is declared a truant, and if that happens, we would invite you to come to school to meet with one of our Community Attendance Workers who will proceed with a SART (student attendance review team) meeting which is meant to help you and your student with truancy issues.

There are alternative programs available for students who cannot attend school regularly; but, as the parent/guardian, it is your responsibility to compel your student to attend school. Education Code Section 48260.5 states:

Parents/Guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 of Chapter 2 of Part 27.

This section goes on to say that **“the pupil may be subject to prosecution under Section 48264”**.

If you are experiencing any problems “compelling” your student to attend school, please do not hesitate to call your student's counselor, administrator, or Community Attendance Worker. We are here to help both you and your student.

If problems continue once the SART meeting has taken place, you and your student can then be invited to a SARB (student attendance review board) meeting which can result in a student being referred to the District Attorney's office. It is at this level that a student and parent/guardian can be held accountable with fines and incarceration.

Once a student and parent/guardian are taken to this level, the student also risks **“the suspension, restriction, or delay of their driving privileges pursuant to Section 13202.7 of the Vehicle Code”**. [EC 42860.5(g)(1)]

If you have any questions regarding attendance policies in this District, please call your student's counselor, administrator, or Community Attendance Worker. Our goal is to assist you in motivating your student to attend school every day on time. We will do whatever we can to help.

Sincerely,

Viola Scott
Director of Attendance

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access. Parents/Guardians or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. Copies of student records are available to parents/guardians for a fee of 25¢ per page.

Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. ATTACHMENT #19: College Admission Requirements and Higher Education Information

COLLEGE ADMISSION REQUIREMENTS AND HIGHER EDUCATION INFORMATION

The State of California offers community colleges, California State Universities (CSU), and Universities of California (UC) for students who wish to continue their education after high school.

To attend a community college, you need only a high school diploma or equivalent, or be over the age of 18. To attend a CSU, you have to take specific high school courses, have the appropriate grades and SAT/ACT test scores, and have graduated from high school. Test scores are not required if your GPA is 3.0 or above, and you applied to a campus or enrollment category that is not impacted. To attend a UC, you must meet requirements for coursework, GPA, and test scores. If you are a California student who has not been admitted to UC campus to which you have applied, you will be offered a spot at another campus if space is available and you rank in the top 9 percent of California high school students or of your graduating class at a participating high school. You may also transfer to a CSU or UC after attending a community college. For more information on college admission requirements, please refer to the following webpages:

ATTACHMENT #20: Ninth Grade Physical Education Performance Test

NINTH GRADE PHYSICAL EDUCATION PERFORMANCE TEST NOTIFICATION

Dear Parent/Guardian,

During Spring 2025, our pupils in grades seven or nine will participate in the California Physical Fitness Test (PFT). The *FITNESSGRAM*¹ is the required annual PFT for pupils in grades five, seven, and nine in California public schools. This health-related fitness test, developed by The Cooper Institute, is intended to help pupils acquire lasting habits of regular physical activity.

The *FITNESSGRAM* includes tests for five areas of fitness, including Aerobic Capacity, Abdominal Strength and Endurance, Trunk Extensor Strength and Flexibility, Upper Body Strength and Endurance, and Flexibility. There are two or three test options for most of the fitness areas of the *FITNESSGRAM* so that all pupils, including those with special needs, have the chance to participate in the PFT. For those fitness areas that have multiple options, only one option is reported for each pupil.

Our pupils will receive their results upon completion of the PFT. These results will help pupils understand their individual levels of fitness. Pupils are encouraged to talk about these results with their parents or guardians and their physical education teacher. Parents and guardians can use these results to help their children plan appropriate fitness activities.

If you have any questions about your child's participation in the PFT, the *FITNESSGRAM*, or the test results, please contact the Vice Principal of Athletics at your student's school. To learn more about the PFT, visit the CDE Parent Guides to Understanding web page at <https://www/cde/ca/gov/ta/tg/ca/parentguidetounderstand.asp>.

PUPIL MANAGEMENT
GUIDELINES FOR STUDENT DISCIPLINE

In order to provide the safe transportation of students, we are using the following assertive discipline policy.

OUR PHILOSOPHY

We believe all students can behave appropriately and safely while riding on a school bus. We will **NOT** tolerate students deterring drivers from doing their job or preventing other students from having safe transportation. Failure to follow the bus rules will result in a bus ticket.

Agency personnel will carry out the following consequences:

- 1st Ticket: Will result in a written warning notice to parents and school administrators.
- 2nd Ticket: Will result in loss of bus riding privilege for 1 to 3 school days. The parent will be responsible for transporting the student.
- 3rd Ticket: Will result in loss of bus riding privileges for 5 school days. The parent will be responsible for transporting the student.
- 4th Ticket: Will result in loss of bus riding privileges for 10 school days. The parent will be responsible for transporting the student.
- 5th Ticket: Will result in loss of bus riding privileges per Title V, Section 14103 #B for the remainder of the school year.

.....
CONSEQUENCES

Students can be denied bus transportation anywhere from one to ten days and, depending on the severity, a student can also be denied transportation indefinitely or permanently. Any illegal activity can result in notification of law enforcement.

THE MINOR CLAUSE

The Minor clause may be used at the discretion of the Agency. The Agency has the right to adjust the number of days the bus riding privileges can be denied. This could be anywhere from a Written Warning to one to three days loss of bus riding privileges.

THE SEVERE CLAUSE

The severe clause may be invoked ***WITHOUT A WRITTEN WARNING*** having been previously issued whenever the offense is of such serious nature to warrant it. ***SOME*** examples of these offenses are:

1. Physical contact of ***ANY*** kind with Driver or Student.
2. Harassment of ***ANY*** kind, sexual or disability.
3. Threatening a Driver or Student. Arguing with the Driver.
4. Use of foul or obscene language. ***ANY*** gang signs or racial remarks.
5. Any violation causing or likely to cause injury to Driver or Student.
6. Throwing object in or out of bus.
7. Jumping out of bus window or emergency door.
8. Destroying or defacing bus or bus equipment.
9. Any action that interferes with the safe transportation of Student. Continued disorderly conduct.
10. Weapon of ***ANY*** kind.
11. Any violation of the Ed. Code.

BUS PASS CLAUSE

The Bus Pass Clause will be enforced when a student does not present a valid SMARTAG pass for three (3) consecutive days. Failure to produce a valid pass will result in the student being issued a referral. The student will then have three days to replace the lost pass. If the pass is not replaced within three days, another referral will be issued and the student will be denied transportation.

We believe that the use of surveillance systems on school buses will help to deter misconduct and improve discipline, ensure the safety of students and bus drivers, and prevent vandalism. Therefore, surveillance systems may be installed and used on school buses to monitor student behavior while traveling to and from school and school activities.

PARENT CONFERENCE

Parents have the right to request a conference to discuss student behavior, consequences, or concerns that will include: parent(s) or guardian(s), student, driver, and agency representative. Please call the Transportation Security Supervisor directly to schedule a conference at (661) 952-3116.

Policy 5145.12: Search and Seizure

Status: ADOPTED

Original Adopted Date: 11/13/1990 | **Last Revised Date:** 10/19/2023

The Governing Board is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, and only as authorized by law, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

Searches Based on Individualized Suspicion

School officials may search any individual student's property, or district property under the student's control, when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation.

Any search of a student, the student's property, or district property under the student's control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation.

The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, and student's vehicles parked on district property.

A student's personal electronic device may be searched if:

1. A school official, in good faith, believes that an emergency involving danger of death or serious physical injury to the student or others requires access to the electronic device information;
2. A search warrant is issued
3. The parent/guardian and/or the student consents to the search.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

Searches of Student Lockers and Desks

All student lockers and desks are the property of the district. The principal or designee may conduct a general inspection of school properties that are within the control of students, such as lockers and desks, on a regular, announced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned.

Use of Metal Detectors

The Board finds that the presence of weapons in the schools threatens the district's ability to provide the safe and orderly learning environment to which district students and staff are entitled. The Board also finds that metal detector searches offer a reasonable means to keep weapons out of the schools and mitigate the fears of students and staff. The Superintendent or designee may use metal detectors as necessary to keep weapons out of schools and help provide a safe learning environment. The Superintendent or designee shall establish a plan to ensure that metal detector searches are conducted in a uniform and consistent manner.

Use of Contraband Detection Dogs

In an effort to keep the schools free of dangerous contraband, the district may use specially trained, nonaggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board policy. The dogs may sniff the air around lockers, desks, or vehicles on district property or at district-sponsored events. Dogs shall not sniff within the close proximity of students or other persons and may not sniff any personal items on those persons without individualized suspicion.

ATTACHMENT #23: AVUHSD BP 5145.9—Hate-Motivated Behavior

Antelope Valley Union High School District Board Policy Manual

Policy 5145.9: Hate-Motivated Behavior

Status: ADOPTED

Original Adopted Date: 10/06/1999 | Last Revised Date: 06/11/2018

The Governing Board is committed to providing a safe learning environment that protects students from discrimination, harassment, intimidation, bullying, and other behavior motivated by a person's hostility towards another person's real or perceived ethnicity, national origin, immigrant status, sex, gender, sexual orientation, religious belief, age, disability, or any other physical or cultural characteristic. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

The Superintendent or designee shall collaborate with community organizations to promote safe environments for youth. Such collaborative efforts shall focus on ensuring an efficient use of district and community resources, developing effective prevention strategies and response plans, providing assistance to students affected by hate-motivated behavior, and/or educating students who have perpetrated hate-motivated acts.

The district shall provide students with age-appropriate instruction that includes the development of social-emotional learning, promotes their understanding of and respect for human rights, diversity, and acceptance in a multicultural society, and provides strategies to manage conflicts constructively.

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

Complaint Process

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the principal-the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. As appropriate, he/she shall also contact law enforcement.

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

NOTICE REGARDING HOMELESS EDUCATION

The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all students experiencing homelessness to the same free and appropriate public education that is provided to non-homeless students. Every district must appoint a liaison to assist these students.

A student experiencing homelessness is defined as a person between the ages of birth (Early Head Start and Head Start Programs) and twenty-two (special education students) who lacks a *fixed, regular, and adequate* nighttime residence and may temporarily:

- Live in an emergency or transitional shelter; abandoned building, parked car, or other facility not designed as a regular sleeping accommodation for human beings;
- Live “doubled-up” with another family, due to loss of housing stemming from financial problems (e.g., loss of job, eviction or natural disaster);
- Live in a hotel or motel;
- Live in a trailer park or campsite with their family;
- Have been abandoned at a hospital;
- Be awaiting foster placement in limited circumstances;
- Reside in a home for school-aged, unwed mothers, or mothers-to-be if there are no other available living accommodations; or
- Be abandoned, runaway, or pushed out youth or migrant youth that qualifies as homeless because he/she is living in circumstances described above.

A student experiencing homelessness has the right to attend either the *school of origin*, defined as the school that the student was last enrolled or attended when last housed or any school attended in the past fifteen (15) months; or the current school of residence. If a dispute arises over school selection or enrollment, the parent/guardian has the right to dispute the school’s decision by contacting the district’s homeless liaison, the Coordinator of Student Services in the Student Services office, at 661-729-2321 and following the district’s dispute resolution policy.

The law requires the immediate enrollment of students experiencing homelessness, which is defined as “attending class and participating fully in school activities”. Schools cannot delay or prevent the enrollment of a student due to the lack of school or immunization records or other documentation usually required for enrollment. It is the responsibility of the district homeless liaison to refer parents to all programs and services for which the student is eligible. Referrals may include, but is not limited to: free nutrition, special education services, tutoring, English Language Learners programs, Gifted and Talented Education program, preschool, before and after school services or any other program offered by the school or district. The district shall ensure that transportation is provided, at the request of the parent/guardian/unaccompanied homeless youth, to and from the school of origin, if feasible.

Unaccompanied youth; such as teen parents not living with their parent or guardian or students that have run away or have been pushed out of their homes, have access to these same rights.

A student experiencing homelessness that transfers schools after the second year of high school and is greatly deficient in credits may be able to graduate within four years with reduced state requirements or have the option to remain for a fifth year to graduate under the state or the LEA requirements. School districts are required to issue and accept partial credit for courses that have been satisfactorily completed.

ANTELOPE VALLEY UNION HIGH SCHOOL DISTRICT EMPLOYEE CODE OF ETHICS

As employees of the Antelope Valley Union High School District, we strive to educate all students to their maximum potential. Our success depends on teamwork, trust, and commitment. Our *Code of Ethics* is intended to help us achieve that success by setting professional standards, common expectations, and increasing trust and commitment within the District, and between the District and the community.

Core Principles

To help us achieve success, we are committed to three core ethical principles:

- **Commitment to Excellence**
- **District and Personal Integrity**
- **Responsibility**

Purpose

Our *Code of Ethics* helps develop trust by describing what the public can expect from us, and what we can expect from each other and our District. It plays a central role in our District's commitment to help District personnel achieve the highest ethical standards in their professional activities and relationships. Our goal is to create a culture that fosters trust, commitment to excellence and responsibility, personal and institutional integrity, and avoids conflicts of interest and appearances of impropriety.

Application and Enforceability

The *Code of Ethics* applies to all District personnel including Board members. Provisions of this *Employee Code of Ethics* are supported by State law, and District Board policies, regulations, bulletins, and collective bargaining agreements. Violations of this *Code of Ethics* may result in administrative or disciplinary action under those laws, policies, regulations, bulletins, agreements, and any other authorizing actions of the governing board.

Making Ethical Decisions

While the *Code of Ethics* provides general guidance, it does not provide a complete listing or a definitive answer to every possible ethical situation. When making decisions, we should use good judgment to fulfill the spirit as well as the letter of the *Code*. When making decisions:

- **Evaluate the situation** and identify the ethical issues.
- **Follow the rules.** Consult the *Code of Ethics*, law, and District rules, regulations, bulletins, policies and procedures, and apply them to the situation.
- **Ask for guidance** from your supervisor. If your supervisor is involved in the problem, contact his or her supervisor for help. Ask for help early – *before* you act.

- **Make and carry out a decision** that is consistent with the rules and develops excellence, integrity, and responsibility.

Commitments and Expectations

To achieve our mission of educating students, we strive to create a District culture that fosters trust and focuses on excellence. Our goal is to develop a culture that is personally fulfilling, supports ethical decision-making, and provides an environment where hard work, creativity, and innovation are the norm. To succeed, we must have the same expectations about how we will practice our *commitment to excellence, integrity, and responsibility* in our everyday work.

- A. **Commitment to Excellence.** *We are committed to being the best that we can be. Everything we do has an impact on students, staff, and the community in the Antelope Valley Union High School District.*
1. **Set the example.** *We are committed to providing the best example we can, striving to demonstrate excellence, integrity, and responsibility in our work.*
 2. **Create an environment of trust, respect and non-discrimination.** *We are committed to creating an environment of trust, care, and respect. We will not tolerate discriminatory or harassing behavior of students or staff.*
 3. **Provide honest, accurate, and timely information.** *We are committed to candor in our work relationships, providing other District personnel including the Board, Superintendent, Cabinet, and supervisors with accurate, reliable, and timely information. We will not tolerate falsification or misrepresentation of issues or facts.*
 4. **Identify problems and help create solutions.** *We are committed to identifying areas for improvement within our District, and suggesting and implementing solutions that make us more successful.*
 5. **Keep policies, procedures, and rules.** *Our Code of Ethics is the foundation of trust and how our District conducts everyday business. It defines our expectations and evaluation criteria. We are committed to following our Code of Ethics, laws, and District Board policies, regulations, bulletins, and procedures. We will not tolerate improper conduct.*
 6. **Report improper conduct.** *When someone does well, it reflects well on all of us. When we make a mistake, we strive to correct it and learn from it. We are committed to reporting gross mismanagement, significant waste of funds, abuse of authority, threats to safety, violations of our Code of Ethics, laws, regulations, bulletins, policies and procedures, or other conduct that damages our integrity or reputation, to our supervisor. (For more detailed information, see the Reference section.)*
 7. **Keep colleagues safe from retaliation.** *We are committed to creating a work environment where problems can be reported and solved. We are prohibited from threatening, harassing, punishing, or retaliating against employees who make good faith complaints. (For more detailed information, see the Reference section.)*

B. District and Personal Integrity. *To maintain our integrity, we are committed to making decisions in the best interests of the District. We will avoid conflicts of interest and the appearance of impropriety.*

8. **Avoid conflicts of interest and improper outside income.** A conflict of interest can exist anytime our position or decisions provide us a financial benefit or improper advantage. We are permitted to receive outside income as long as it does not create a conflict with our District work. *We are committed to declining outside income that is inconsistent, incompatible, or in conflict with our official duties. We will not make decisions or use our position for personal benefit or to gain an improper advantage.* (For more detailed information, see the *Reference* section.)
9. **Decline gifts.** A gift is a benefit we receive for which we did not pay. Gifts can include merchandise, food, tickets, use of facilities, investments, rebates or discounts not offered to the public, or forgiveness of debt from vendors, lobbyists, parents, students, or others. *We will not accept gifts or gratuities in excess of \$400 from a single source in a single year which gives the appearance that the gift improperly influenced our decisions regardless of the amount. We will not solicit vendors, lobbyists, parents, or others for anything that provides us a personal benefit different from the public.* (For more detailed information, see the *Reference* section.)
10. **Improper influence of family members and associates.** *We are committed to abstaining from decisions that could result in a direct benefit to a close relative or cohabitant including, but not limited to, hiring, promotion, discipline, evaluation or direct supervision.* (For more detailed information, see the *Reference* section.)

13. **Keep the contracting process objective.** *We are committed to making contract award recommendations in the best interest of the District.* (For more detailed information, see the *Reference* section.)
14. **Uphold District interests in hiring and promotion.** *We are committed to hiring and promoting District personnel based on their qualifications and the job criteria of the position, and will not tolerate improper hiring practices.*

C. Responsibility. *We are committed to holding each other responsible for our performance as a District and as individuals.*

15. **Proper use of public position.** *We are committed to ensuring that our power and authority are used in an appropriate, positive manner that enhances the public interest and trust. We will not use our authority to improperly influence people or obtain preferential treatment.*

16. **Proper use of public resources.** *Except for occasional and limited personal use that does not interfere with performance of duties or create an appearance of impropriety, we are committed to ensuring that District facilities, equipment, supplies, mailing lists, or other District resources are used for District purposes only.*
17. **Use of District time.** *We are committed to ensuring that District personnel are tasked to perform only District work on District working-time. We will not direct or permit District personnel to perform personal services on District working time.*
18. **Uphold confidentiality.** *To achieve excellence, our District employees, parents, and students must be able to discuss issues frankly and, when appropriate, in confidence. We are committed to abiding by all laws and District policies concerning confidential information, including student records, personnel files, agreements, and District records and policies. (See the Reference section.)*
19. **Waivers.** *The AVUHSD Superintendent or his/her designee, upon a showing of cause, may waive an ethics prohibition in writing with notification to the Board of Education.*

Status: ADOPTED

Original Adopted Date: 11/13/1990 | **Last Revised Date:** 07/23/2020

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

Title I Schools

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318)

When the district's Title I, Part A allocation exceeds the amount specified in 20 USC 6318, the Board shall reserve at least one percent of the funding to implement parent/guardian and family engagement activities and shall distribute at least 90 percent of those reserved funds to eligible schools, with priority given to high-need schools as defined in 20 USC 6631. The Superintendent or designee shall involve parents/guardians and family members of participating students in decisions regarding how the district's Title I funds will be allotted for parent/guardian and family engagement activities. (20 USC 6318)

Expenditures of such funds shall be consistent with the activities specified in this policy and shall include at least one of the following: (20 USC 6318)

1. Support for schools and nonprofit organizations in providing professional development for district and school staff regarding parent/guardian and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents/guardians and family members
2. Support for programs that reach parents/guardians and family members at home, in the community, and at school

Policy 6020: Parent Involvement – Page 2

3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. The Superintendent or designee may:

- a. Use a variety of methods, such as focus groups, surveys, and workshops, to evaluate the satisfaction of parents/guardians and staff with the quality and frequency of district communications
- b. Gather and monitor data regarding the number of parents/guardians and family members participating in district activities and the types of activities in which they are engaged
- c. Recommend to the Board measures to evaluate the impact of the district's parent/guardian and family engagement efforts on student achievement

The Superintendent or designee shall notify parents/guardians of this review and assessment through regular school communications mechanisms and shall provide a copy of the assessment to parents/guardians upon their request. (Education Code 11503)

5. Use the findings of the evaluation conducted pursuant to item #4 above to design evidence-based strategies for more effective parent/guardian and family involvement and, if necessary, to revise the parent/guardian and family engagement policy (20 USC 6318)

Regulation 6020: Parent Involvement – Page 3

The Superintendent or designee may:

- a. Analyze data from the evaluation to identify parent/guardian and family engagement activities that have been successful and those activities that have had lower participation or less meaningful involvement by parents/guardians
 - b. Analyze parent/guardian and family participation to determine the level of participation by traditionally underrepresented groups
 - c. With the involvement of parents/guardians, recommend and draft proposed policy revisions to submit to the Board for consideration
6. Involve parents/guardians in the activities of schools served by Title I, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents/guardians or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent/guardian and family engagement policy (20 USC 6318)

The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention.

In developing measures and strategies for use by the district, the Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, suicide prevention experts, local health agencies, mental health professionals, and community organizations.

Such measures and strategies shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, school counselors, and other district employees who interact with students
2. Instruction to students in problem-solving and coping skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
5. Crisis intervention procedures for addressing suicide threats or attempts
6. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. (Education Code 215)

The Board shall review, and update as necessary, this policy at least every five years. (Education Code 215)

Materials for training shall include how to identify appropriate mental health services at the school site and within the community, and when and how to refer youth and their families to those services. Materials also may include programs that can be completed through self-review of suitable suicide prevention materials. (Education Code 215)

Staff development shall include research and information related to the following topics:

1. The higher risk of suicide among certain groups, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth

5. School and community resources and services, including resources and services that meet the specific needs of high-risk groups
6. Appropriate ways to interact with a student who is demonstrating emotional distress or is suicidal and procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide, including, but not limited to, appropriate protocols for monitoring the student while the immediate referral of the student to medical or mental health services is being processed

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. 3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent

Intervention

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, the staff member shall promptly notify the principal or school counselor, who shall implement district intervention protocols as appropriate.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, referenced, or discussed with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment. (Education Code 49602)

School employees shall act only within the authorization and scope of their credential or license. An employee is not authorized to diagnose or treat mental illness unless specifically licensed and employed to do so. (Education Code 215)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
3. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene
4. Removing other students from the immediate area as soon as possible

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

Regulation 5141.52: Suicide Prevention – Page 3

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school and determine the need for ongoing support.

Postvention

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Superintendent or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

After any suicide or attempted suicide by a student, the Superintendent or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

ATTACHMENT #30: Access to Public Benefits and Insurance

Access to Public Benefits and Insurance 2024-25

This notice is provided to you as parents, legal guardians, care giving adults, surrogate parents or court appointed responsible adult, because during the 2024-25 school year, your child may be receiving medically necessary health related services covered under California's Medicaid State Plan Title XIX and/or receive special education services under the Individuals with Disabilities Education Act (IDEA). School districts are required to provide prior written notice of your rights and protections when it seeks to use your child's public benefits (i.e., Medi-Cal) or insurance to pay for special education and/or medically necessary related services. This Notice will be given to you before the school district seeks to use your child's public benefits or insurance for the first time, and annually thereafter.

The school district may submit claims to your child's public benefits or insurance program, such as the California Medi-Cal program (Medicaid) or to your private insurance in order to be reimbursed for the cost of providing the service. Personally identifiable information such as student name, date of birth, gender, and nature and extent of medically necessary services may be disclosed to the third-party biller in which the school district contracts with (CFR 99.30 and 34 CFR 300.622). All personally identifiable information is Health Insurance Portability and Accountability Act (HIPAA) and Family Educational Rights and Privacy Act (FERPA) compliant. The school district cannot require parents to sign up for or enroll in public benefits or insurance programs in order for your child to receive a free appropriate public education (FAPE) under IDEA.

The school district cannot require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services and reimbursement through Medi-Cal (34 CFR 300.154 [d][2][i]) The school district cannot use a student's benefits under Medi-Cal if that use would:

- Decrease available lifetime coverage or any other insured benefit.
- Result in the family paying for services that would otherwise be covered by the public benefits or insurance program (Medi-Cal) and are required for the child outside of the time the child is in school.
- Increase premiums or lead to the discontinuation of public benefits or insurance (Medi-Cal)
- Risk loss of eligibility for home and community-based waivers, based on aggregate health related expenditures. (34 CFR 300.154 [d][2][iii][A-D])

You Have The Right To:

- Voluntarily provide the school district with written consent to disclose educational records containing your child's personally identifiable information such as individual educational programs (IEP) or assessment reports to Medi-Cal, other public benefits or insurance programs, or private insurance billing purposes.
- Withdraw your consent to the disclosure of your child's personally identifiable information to Medi-Cal, other public benefits or insurance programs, or private insurance at any time.
- Refuse to provide consent to the disclosure of your child's personally identifiable information to Medi-Cal, other public benefits or insurance programs, or private insurance for billing purposes. If you withdraw your consent or refuse to provide consent for the school district to use Medi-Cal, other public benefits or insurance programs, or private insurance to pay for eligible related services, the school district must continue to ensure that all required special education services are provided at no cost to you.

ATTACHMENT #31: Type 2 Diabetes

Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

Description

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

-The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.

-The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.

-In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

-Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.

Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

-Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

-Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

-Inactivity. Being inactive further reduces the body's ability to respond to insulin.

-Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

-Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

-Increased hunger, even after eating

-Unexplained weight loss

-Increased thirst, dry mouth, and frequent urination

-Feeling very tired

-Blurred vision

-Slow healing of sores or cuts

-Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms

-Irregular periods, no periods, and/or excess facial and body hair growth in girls

-High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

-Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

-Get more physical activity. Increase physical activity to at least 60 minutes every day.

-Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

-Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

-Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

-Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

-Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

ATTACHMENT #32: AB 659 HPV and HPV Vaccination

What is HPV?

HPV is a very common virus that 8 out of 10 people will get at some point in their lifetime. Some HPV infections can lead to cancer later in life. HPV is estimated to cause about 37,000 cases of cancer in men and women every year in the U.S. Only cervical cancer, one of the cancers caused by HPV, can be detected early with a Pap test. The other cancers caused by HPV (cancers of the throat, genitals, or anus) may not be detected until they are more serious. HPV vaccination prevents infections that cause these cancers.

How can I protect my child from HPV?

HPV vaccination can prevent over 90% of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. With more than 135 million doses given in the U.S. since 2006, HPV vaccine has a long safety record that's backed by over 15 years of monitoring. Common side effects are mild and get better within a day or two. These include pain, redness, or swelling where the shot was given, similar to other vaccines. HPV vaccination works extremely well. Since HPV vaccination was first recommended in 2006, infections with HPV types that cause most HPV cancers have dropped 88% among teen girls and 81% among young adult women. Vaccination against HPV is recommended by the federal Advisory Committee on Immunization Practices, the American Academy of Pediatrics, and the American Academy of Family Physicians. It's also recommended by the American Cancer Society and California's Cancer Prevention Act.

Who should get the vaccine and when should they get it?

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. (Kids who wait until later to get their first dose of HPV vaccine may need three doses.) The HPV vaccine is often given at the same time as other adolescent vaccines, like Tdap to prevent whooping cough and meningococcal vaccine to prevent bacterial meningitis.

Where can I get the HPV vaccine for my child?

Ask your health care provider, pharmacist, or local health department to learn more about HPV vaccine and where you can get it. The vaccine is covered by most health insurance plans. If you don't have health insurance, your child can still get vaccinated. The Vaccines for Children (VFC) Program offers free vaccines to children up to age 18 years without insurance or whose insurance does not cover the cost of vaccines.

Ask your healthcare provider or local health department about VFC. Find doctors participating in VFC in your area at <https://eziz.org/vfc/provider-locations/>. For more information on HPV, the vaccine, and cancer prevention, visit the Centers for Disease Control and Prevention at <https://www.cdc.gov/hpv/>.
