Lock Down (CODE RED): Please keep in mind that there are times when a decision to evacuate may actually put students and staff in harm’s way. If the situation dictates that it is best for students to remain locked down in their classrooms, a CODE RED will be called an immediate lock down will occur. All doors are to be immediately locked and students who are outside are to come indoors. If a fire alarm is sounding and you hear a verbal/PA command for a Code Red, obey the verbal/PA commands. During a Code Red, remain in the locked room until directed to leave by the police or school/staff administration.

General Information: Always call Campus Security (1151 or 0) or one of the numbers listed above. Clearly identify your exact location. If safe, remain on the line and do not hang up. Keep other lines clear for emergency calls. Your school site may well be a crime scene and everyone needs to take steps to preserve the evidence and to identify potential witnesses. Gather roll sheets or other class records for student accountability. Consider the impact on students and your peers. Anticipate the involvement of the school psychologist or district procedures for releasing students. There have been situations where attempted kidnappings have occurred during earthquakes and other disasters.

Accidents: If an accident happens near campus or if a student or staff member is seriously injured call the Switchboard. Identify your exact location. Remain calm and respond to the situation.

Armed Student in Class: Do not confront the student! Wait for the Campus Security. Do not attempt to retrieve the weapon! Do not restrain or discipline the student! STAY CALM! Wait for the Police.

Bomb Threat: If available, immediately refer to the "Bomb Threat Checklist" below. Keep the caller on the line as long as possible. Ask him/her to repeat the message. If the caller does not indicate the location of the bomb or the time of the possible detonation, ask him/her for this information. If possible, have more than one-person listen in on the call. Alert the principal/site administrator. Keep the matter confidential. Immediately complete the "Bomb Threat Checklist". If you find a suspicious device, immediately contact the principal/site administrator. Anticipate that all students and staff will be evacuated from the danger zone. Be prepared to report the location and an accurate description of the object. If possible, check to see that all doors and windows are open. Expect the police department to examine rooms. Anticipate being asked if you have seen any objects that are out of place or are in places where they do not normally belong. Identify potential witnesses. Please keep in mind that there is a higher probability of an explosion outside of buildings than inside of buildings.

Earthquake: DURING THE QUAKE: At first sign of shaking, you should give the DROP command. If indoors, everyone should get under a desk or table. If that is not possible, stand next to an inside wall or under an inside doorway. Stay away from computers, televisions, and stacks of books, file cabinets, and other heavy objects. Get as far away from the window(s) as possible. Drop to knees with back to the window(s) and knees together. Clasp one hand firmly behind head, covering neck. Wrap other arm around a table or chair leg. Bury your face in your arms, protecting head. Close eyes tightly. Stay until the earthquake is over. If outdoors, staff should direct students away from buildings, trees, poles and wires. Call DROP command. Everyone should cover as much skin surface as possible, close eyes and cover ears. If students are on the way to or from school, instruct them to stay in the open away from buildings, signs, trees and wires. Do not run. After the quake, continue home or to school. FOLLOWING THE QUAKE, ANTICIPATE AFTER SHOCKS: Anticipate that all students and staff will be evacuated in an orderly manner using pre-planned evacuation routes. All teachers should take roll and note missing students or staff. Students should remain outdoors, in evacuation area, until buildings are declared safe. Be prepared to operate without Police or Fire assistance for an unknown time. Keep in mind (1) the first concern is with physical safety; (2) attention can and should be given to the emotional trauma; (3) everyone will need facts; (4) everyone will need an opportunity to share feelings and experiences; (5) children need to be together with adults, friends or family members; (6) if possible, engage children in activities.

Fire/Explosion: The injured should be treated as much as possible while awaiting Police or Fire. Anticipate an evacuation away from threatened buildings using fire drill. Maintain control of students and take roll. If smoke is in the immediate vicinity, instruct students to “Stay low and Exit," crawling to avoid breathing fumes. If no escape is possible, close as many doors as possible between you and the fire. Stuff cracks and openings with wet clothing/rags and avoid fanning flames. Lay on floor to avoid smoke. Wait for help. Identify witnesses. Anticipate being bused to alternative location.

Rev. 01/11/2018

Revised by G. Canetti
Gang Fight/Riot/Threatening Group: Contact the main office immediately. Wait for Campus Security. If there is fighting, do not try to break it up. Identify yourself and issue an order to disperse. Let the police handle the situation. (For Office Staff): Call 9-9-1-1 and identify your school site and exact location. Stay on the phone with police until they arrive. Relay as much information as possible. Who and how many are involved? Specific location of occurrence? Number of wounded? Weapons involved? Any background knowledge of trouble or participants? Treat injured as much as possible. If possible, remove students from the area. Anticipate that a LOCK DOWN will be implemented to contain students in the classroom. If students are out of class, instruct them to report to their next period immediately. Do not disturb the fight area. It is a crime scene. Send the name of potential witnesses to the office. Attempt to calm students. Contact the office with any rumors of potential conflicts or fights.

Hostage Situation: Do not use words such as “hostage”, “captives”, or “negotiate”. Stay Calm, No Confrontation, No Challenges, No Heroics. IF A CLASSROOM IS TAKEN HOSTAGE: Obey the suspect's commands. Don't argue or fight. Go into a rest mode. Be passive. Tend to display more restful, sleepy behavior as opposed to being active. Try to calm the suspect and listen to complaints or demands. Once again, do not use words such as "hostage", "captives", or "negotiate". Keep the students calm and don't allow them to agitate the suspect. Ask permission of the suspect in all matters. Make an effort to establish rapport with suspect. Provide your first name. Find out his/her first name and use first names, including the student's first name, throughout the conversation. If you do not know first names, refer to the hostage(s) as boys, girls, men, women, or students. This will help personalize hostage(s) as people rather than objects. Encourage suspect to release everyone. KEEP ALL RADIOS, TELEVISION SETS, AND COMPUTERS TURNED OFF. If possible and without increasing risk to yourself, minimize any possibility that the suspect can hear or see "NEWS REPORTS." This could escalate the situation and keeping these devices off may help calm the situation. Be calm and patient and wait for help. Keep in mind that the average hostage incident lasts approximately six (6) to eight (8) hours and the average barricade incident lasts approximately three (3) hours. "TIME IS ON YOUR SIDE." Based on the situation and the age of the suspect, anticipate at the point of rescue that all "possible suspects" in the room will be handcuffed by the police department. The police will then make a positive identification of the suspect and release the victims. Anticipate a LOCK DOWN to protect student and staff members in their classrooms/offices.

Rape: Offer the victim care and first aid until authorities arrive. Avoid destroying any evidence. Do not permit the victim to use the restroom until instructed to do so by the police. Wait with the victim until the site administrator arrives. Identify potential witnesses. If you talk to the victim prior to the police arrival on the scene, restrict the conversation to immediate medical needs. If discussion occurs on the situation, speak only in general terms. DO NOT DISCUSS THE SPECIFICS of the case. It is better in court that the initial specific statements about the crime are recorded by the police department and are not heard second hand with you as the witness. Take steps to protect the victim's identity. Protect the "PRIVACY" and "Rights of Confidentiality" of the student and family. Confer with site administrator regarding contacting Child Protective Services.

Shooting: At the first indications of shooting, sound of gunfire, loud cracking, popping, banging noises, windows shattering, glass exploding in classrooms, bullets ricocheting: Instruct students to drop to the ground immediately, face down as flat as possible. If you are within 15-20 feet of a safe position, duck and run for it. Move or crawl away from gunfire, trying to create obstruction between you and the gunfire. IMPORTANT: KEEP IN MIND THAT MANY OBSTRUCTIONS MAY VISUALLY CONCEAL YOU FROM THE GUNFIRE. BUT THEY MAY NOT BE BULLET PROOF AND WILL NOT PROTECT YOU FROM GUNFIRE. Try to get behind or inside a building and stay down. When you reach a relatively safe area, stay down and do not move. Do not peek or raise your head. If possible, call the office from a classroom, or run to the office (only if safe) to report the situation. Listen for directions from the Police. IF INSIDE CLASSROOM (WITH ASSAILANT OUTSIDE): Duck and cover. Keep students inside. Close and lock the outside door to the classroom. Close the blinds, turn off the lights, and stay on the floor. Call the office (if possible) to report location of the sniper. OFFICE PERSONNEL: Duck and cover on the floor, making phone calls from this position. Keep students out of danger. Consider if a LOCK DOWN should be implemented to contain those students in their classrooms. Call 9-9-1-1. Identify your school site and exact location. As Police are in transit, relay information: Is suspect still on campus? Where did he/she go? Specific location of occurrence. Number of wounded. Description of all weapon(s), dangerous object(s) and any visible ammunition. Describe suspect(s) if known. LOOK FOR MULTIPLE WEAPONS AND REPORT ALL WEAPONS. Any shots fired? Describe sound and number of shots fired. Keep the P.A. System on to provide instant announcements.

Suicide/Threat: Suicide rarely happens without some warning to someone. Staff and faculty need to take all comments about suicidal thoughts seriously, especially if details of a suicide plan are shared. Verbal Suicide Threat: If a student suggests he/she is thinking about committing suicide in the near future: LISTEN! SHOW YOU CARE! GET HELP! Trust your feelings that this student may be self-destructive. Notify the office immediately. They will contact the counselor and/or school psychologist. Under no circumstances should an untrained person attempt to assess the severity of suicidal risk. The psychologist will notify the student's parent, guardian or other emergency contact. When a Student Is Threatening Suicide on Campus and Has a Lethal Weapon Available: Stay with the student. Remain calm. Get vital information if possible. Clear other students from the scene. Assure the student that he or she has done the right thing by talking to you. Get the student to talk. Listen! Listen! Listen! Repeat back! Speak in a calm low voice. Make a mental note of what the student says. Monitor the student's behavior constantly. Try to get the student to agree to a verbal "no suicide" contract. ("I will not kill myself before talking to a counselor.")

**EHS Athletic/After Hours Emergency Plan**

Listed below are the steps necessary to handle most athletic injuries and emergencies in the stadium, practice fields, and gym areas after normal school hours. The school’s chain of command will be follow in the discussion and responsibility making process during emergencies. This person will also be responsible for notifying the principal of the school.

**WHO MAKES THE 911 CALL?**
A supervising administrator or designee covers all athletic events, with the exception of practice sessions. Many coaches carry cell phones with them during practice and this may be the most efficient method of communication. Coaches will be calling “911” during practice in most cases and an administrator or the designee, will be making the call most of the time from scheduled athletic events.

**WHO WILL DIRECT THE EMERGENCY VEHICLES TO THE PROPER LOCATION?**
During an athletic event, security will probably direct the emergency vehicle to the site of the injury. During practice this procedure will be handled by coaching personnel or security personnel on duty. If neither is present send a responsible person.

**WHO HAS THE ATHLETES PINK EMERGENCY CARD?**
Coaches have access and are responsible for the players pink emergency card during practices and games.

**SWIMMING**

**AWAY EVENTS**
The home team’s school is responsible for the overall responsibility of the event. However, the head coach is responsible for the safety and security of the EHS team and students when an administrator or designee is not present. The Head Coach is responsible maintain the Pink emergency cards for all away events.
**EMERGENCY RESPONSE TEAM (ERT)**

Designate campus staff having been trained to participate on the ERT. Team members will do the following:

1. **ERT personnel are to know the locations of and how to:**
   a. Conduct search and rescue operations
   b. Survey buildings for damage and re-entry
   c. Perform first aid
   d. Fire extinguishers
   e. First Aid equipment
   f. Flashlights
   g. Emergency Cut-off for utilities
   h. Search and Rescue equipment

2. **While investigating, all ERT’s are to listen** for trapped or hurt people while visually checking rooms.
   a. Use caution, as building may be unstable, structurally damaged and hazardous.
   b. Proceed quietly as possible in order to hear calls for help.
   c. Upon entering the area, call out and wait for an answer. Then proceed with the inspection of the area.
   d. Remain in continual voice communication with other members of the ERT.
   e. Are not to endanger themselves or others

**MORGUE TEAM**

There is a high probability of deaths in any major disaster. In the event of isolation and fatalities, an area must be set aside for placement of bodies. It will also be necessary to place covers over the bodies. Large heavy/garbage bags may be used for the initial containers.
1. The morgue site will be away from the triage/first aid area, locate the morgue in a safe building or room. It will be necessary in a prolonged emergency to move the bodies to the freezer in the cafeteria, if safe.
2. Cover the bodies with a tarp or large plastic bags and weigh down to avoid blowing off.
3. Attach cards or pin identification card for identifying proposes.
4. Keep all unauthorized persons away from the area.
5. If you are assigned to a class, hand over the responsibility to a nearby teacher.

**Team Members:**

| Rosie Paez | Team leader |
| Nurse |

**SANITATION TEAM**

Task to provide toilet facilities in the event of a prolonged disaster where no functioning toilets are available.
1. Location of this area should be well away from other areas, and separated by sexes.
   a. Dig a pit in a rectangular shape, 3 to 4 feet long, as narrow as possible and 23" to 30" deep. It is more efficient to straddle the pit for use. Leave the dirt close by, with and available shovel. After use, a small amount of dirt thrown on will help with flies and odor. If lime is available, an occasional shovel full thrown into the pit discourages flies, keeps odor down, and increases waste biodegradation.
   b. Privacy curtains, made from any opaque material, may be used.
2. Know where to find: Toilet paper, shovels, lime, and material for privacy curtains.
3. If you are assigned to a class, hand over the responsibility to a nearby teacher.
4. Sanitation teams will only come into action during extended disasters only.

**Team Members:**

| Maintenance Crew |

**WATER DISTRIBUTION TEAM**

The most critical survival item (other than immediate 1st aid) is water. If water mains are broken at any point from the source of supply to the source of delivery, the water is contaminated. Water purification materials should be stored along with other emergency supplies.
1. Periodically survey the water supply. This will include trapped water in the hot water and toilet tanks, or any other area of reserve.
2. Become familiar with water purification methods.
   In an emergency:
   1. Curtail use of all water immediately
   2. No water should be considered safe to drink until it has been purified before drinking.
   3. Collect all stored water and place it in one area.
   4. Devise a distillation plan. Keep in mind the water may have to sustain your site personnel for an extended period of time.
   5. Have cups or other drinking vessels available.
   6. If you are assigned to a class, hand over the responsibility to a nearby teacher.

MEDICAL AND FIRST AID

1. In the case of injury or illness, contact campus security at "1151, 0" immediately.

ASSISTING A HEARING IMPAIRED PERSON IN AN EMERGENCY

1. Flash lights on and off, wave or tap the shoulder of the deaf or hard of hearing person to alert him/her to an emergency.
2. Face deaf person directly and speak clearly and naturally, even if interpreter is present. He/she may be trying to read your lips. He/she will also know to whom you are speaking too.
3. Have a pad and pencil available so that both of you understand the same message; this is especially necessary if you cannot understand his/her speech. Write clearly and allow the deaf person to read as you write.

ASSISTING A PERSON WITH LIMITED MOBILITY IN AN EMERGENCY

Students using a wheelchair and other who cannot manage stairs should go to the area in front of their room and WAIT for campus security or designated aides who expect to find them THERE. Campus security or designated aides will assist the person down the stairs.

ASSISTING A BLIND PERSON IN AN EMERGENCY

Assign a "buddy" to assist in the evacuation and following regular procedures.

SIEZURE

1. A person may move violently. Breathing may stop in some seizures, or the person may bite his or her tongue so severely that it blocks the airway. Do not attempt to force anything into the person's mouth. You may injure the person and yourself. Protect the person from injury during the seizure.
2. During the seizure:
   a. You cannot stop the seizure. Call for help. Let the seizure run its course. To avoid injury, help the person to lie down and keep from falling. Loosen restrictive clothing. Use no force. Do not try to restrain a seizure victim.
   b. **Do not put anything in the persons mouth**
3. After the seizure:
   a. Check to see if the person is breathing. If he/she is not give mouth-to-mouth resuscitation immediately.
   b. Check to see if person is wearing an medical alert bracelet or necklace
   c. Check to see if the person has burns around the mouth, this would indicate poison.

MOUTH-TO-MOUTH RESCITATION

1. Place the person on their back
2. Tilt the person's head back by place one hand on the person's forehead and gentle lifting the chin and open the airway.
3. Close the persons nostrils with your fingers
4. Inhale and place your mouth over person's mouth
5. Exhale until person's chest expands
6. Repeat every 5 seconds
7. Keep trying until qualified help arrives
8. If a problem with breathing arises check airway for obstruction.

EMERGENCY EVACUATION

ROUTES AND PROCEDURES

1) Evacuate rooms calmly using the “Buddy system”- when the evacuation alarm rings. Your designated “Buddy” is the teacher on both sides of your classroom. As you exit your classroom, communicate with your “Buddy” your status.
   a) Teachers are to take “attendance folder”.
      i) Teachers are to maintain updated duplicate role sheets in their "attendance folder". Take both role sheets (original and duplicate) with you.

   b) Ensure that all students are out of the class - Teacher should be the last person out.
   c) Stand at doorway of the classroom-checking students as they leave for injuries.
   d) After the last student leaves the class check the room for injured students, if a injured student is down, notify your “Buddy” in the classroom next to yours that you have an injured person and that you are going to start 1st Aid and instruct them to take charge of your students by escorting them to the field.
      i) Perform LifeSavers -- Treat injuries in this order
         (1) Airway
            (a) Open airway - Head tilt/chin lift look, listen and feel for breathing
            (b) Sweep for tongue

LOCKDOWN
EASTSIDE HIGH SCHOOL SAFETY PLAN

BOMB THREAT
Bomb Threat Protocol

Principal Review –
Director of Security Review –
Training of all faculty and staff will be required as a result of this protocol. It would not be extensive and a faculty meeting, followed by a drill, would probably suffice.

Questions include:

1. **How to respond to the multitude of ways a school can receive a bomb threat?** Although it may still happen, calling into the switchboard is no longer the only way to phone in a threat. Current thinking is the more likely scenario involves a cell phone call to either another student, a teacher, or using a cell phone to call the classroom directly. A threat could also be received via a text message or some other social network.

2. **Who to notify once a threat has been received?**

3. **What are the next steps to take on-campus after a threat has been received?**

**PROTOCOL**

**Threat Received:**

At switchboard – Contact Principal, Co-administrator, or Director of Security, in person, do not call out over the radio.

In classroom or other – Classroom personnel should attempt to contact the site designated person which could include the principals’ secretary, the switchboard operator, or the OCD person. Followed by notification of Principal or an administrative designee, Director of Security and Site Deputy.

Site Response: Principal, Director of Security, and Deputy will assess the situation and implement plan. (Principal notify DO when able to do so safely)

**Viable Threat (location of bomb unknown) -** Order a lockdown of the site.

Teacher Response – Check their email for information and direction from administration. Direction should include surveying room to make sure all bags are accounted for, and that there are no suspicious packages/bags or other containers in their rooms that cannot be explained. Should respond to designated person that room is clear.

Non-Teacher Response – Primarily for security/administration/law enforcement. Should search outside areas for suspicious items. Search should include bathrooms and trash cans and should be done in all areas, including those where students may evacuate.

**Viable Threat (location of bomb or suspicious object is known) –** Order limited evacuation

Teacher Response – Teacher continues to monitor email for direction to evacuate. If classroom is not evacuated they remain in lockdown waiting for the all-clear which is typically a PA announcement.

Security Response – Should be available to guide students through specific evacuation route.

**Evacuation Route and Area:**

Route – Would obviously need to provide the safest route for students to exit away from any perceived danger, with the supervision of security along the way.

Evacuation Area – Will depend on available safe routes. An emphasis should be made to evacuate to an area away from access to, or line of sight with surrounding neighborhood areas, may consider using larger gyms as evacuation points.

LOCK DOWN REMAINS IN PLACE UNTIL SIGNIFIED OTHERWISE BY ADMINISTRATION.
SUICIDE THREAT
Suicide Threat

Take ALL comments about suicidal thoughts seriously, especially if details of a suicide plan are shared.

Protocol for a Verbal Suicide Threat:

1. Listen! Show you care!
2. Notify the office immediately.
3. **DO NOT** attempt to assess the severity of suicidal risk.
   - Believe it! Do Not Hesitate - Act Immediately!
   - Do not be enticed into a “secrecy pledge”
   - A student who has threatened suicide must be carefully observed at all times until a qualified staff member can conduct a risk assessment
   - Stay with the student or call security to escort the student to the Guidance Office
   - Under no circumstances should you allow the student to leave school

Protocol for When a Student is Threatening Suicide on Campus and Has a Lethal Weapon Available:

1. Stay with the student.
2. Remain calm.
3. Get vital information if possible.
4. Clear other students from the scene.
5. Get the student to talk.
6. Listen! Listen! Listen!
7. Repeat back.
8. Speak in a calm, low voice.
9. Monitor the student’s behavior constantly.
Try to get the student to agree to a verbal "no suicide" contract.

VISITS TO THE SCHOOLS

The Board of Trustees encourages parents/guardians and interested members of the community to visit the schools, view the educational program, and offer constructive comments to the Board.

Besides inviting parents/guardians and the community to open house activities and other special events, the Superintendent or designee shall develop procedures which facilitate visits during regular school days when all visitors must first register at the school office.

The principal or designee may refuse to register any visitor whose acts or presence he/she judges would disrupt normal school operations, threaten the health and safety of students or staff, or cause property damage. (Penal Code 627.4)

To ensure minimum interruption of the regular classroom program, school visits should be first arranged with the teacher and principal or designee. If a conference is desired, an appointment should be set with the teacher for a time before school, after school, or during the teacher’s preparation period.

The Board recognizes that under California law, any person whose conduct materially disrupts class work or extracurricular activities or cause a disturbance on school grounds may be guilty of a misdemeanor and subject to a fine, imprisonment, or both. (Education Code 44811, Penal Code 415.5) When such conduct occurs, the Superintendent or designee may call the police.

Possession of unauthorized dangerous instruments, weapons or devices is prohibited on school premises, on any public right-of-way immediately adjacent to school property, or any other place where a teacher and student(s) are required to be in connection with assigned school activities.

The Superintendent or designee shall post at every entrance to each school site and school grounds a notice setting forth school hours, visitor registration requirements, penalties for refusing to leave school grounds, and any other announcements required by the local law enforcement agency in order to pursue the arrest of persons found loitering or trespassing. (Education Code 32211, Penal Code 627.6)

Immediately upon entering any school building or grounds, any person who is not a student of the school or a district officer or employee shall, when school is in session, report his/her presence and the reason for visiting the school to the principal or designee. Any possession of unauthorized dangerous instruments, weapons or devices shall be reported immediately to the principal or designee and may be reported to the local law enforcement agency.

Any visitor who fails to register within a reasonable time after entering the school grounds, who fails to leave upon request of the principal or designee, or who returns after leaving pursuant to such a request has committed an unlawful act and may be prosecuted according to law.

Any person who complies with the principal or designee's request to depart from school grounds may appeal to the Superintendent or designee or principal. The written request for a hearing must be made within five days after the person's departure from school and must state why the request to depart was improper. The request also must provide an address to which a hearing notice may be sent. Upon receipt of the request for a hearing, the Superintendent or designee or principal shall mail a notice of the hearing to the person requesting it. The hearing shall be held within seven days after receipt of the request.

CLASSROOM INTERRUPTIONS

The Board of Trustees recognizes the importance of providing students with sustained, uninterrupted instruction. Allowing interruptions during class time implies to students that what is occurring in the classroom lacks value. Therefore, interruptions and distractions must be controlled and avoided to ensure that teachers can dedicate classroom time to the instruction of students.

EDUCATION CODE
32212 Classroom interruptions
CLASSROOM INTERRUPTIONS

1. The Superintendent or designee shall require the school principal to limit office summons and the use of student messengers to a brief, specified period of time during the school day. Messages should be briefly and clearly stated in order to reduce the amount of time devoted to non-instructional activities.

2. Announcements that are only pertinent to teachers should be put in writing.

3. Teachers should be notified in advance of all programming that takes students away from regular classroom instruction.

4. To avoid unplanned entrances to classrooms, visitors should be encouraged to make appointments.

5. Whenever possible, school maintenance and housekeeping activities should be scheduled before or after school hours.

6. The principal or designee is authorized to make on-site decisions in matters of emergency or urgency that require classroom interruptions.
CIVILITY POLICY

Members of Antelope Valley Union High School District staff will treat parents and other members of the public with respect and expect the same in return. The District is committed to maintaining orderly educational and administrative processes in keeping schools and administrative offices free from disruptions and preventing unauthorized persons from entering school/District grounds.

This policy promotes mutual respect, civility and orderly conduct among District employees, parents and the public. This policy is not intended to deprive any person of his/her right to freedom of expression, but only to maintain, to the extent possible and reasonable, a safe, harassment-free workplace for our students and staff. In the interest of presenting District employees as positive role models to the children of this District, as well as the community, AVUHSD encourages positive communication, and discourages volatile, hostile or aggressive actions. The District seeks public cooperation with this endeavor.

(cf. 0410.1 Recognition of Human Diversity)

2. If any member of the public uses obscenities or speaks in a demanding, loud, insulting and/or demeaning manner, the administrator or employee to whom the remarks are directed will admonish the speaker to communicate civilly. If corrective action is not taken by the abusing party, the District employee will verbally notify the abusing party that the meeting, conference or telephone conversation is terminated and, if the meeting or conference is on District premises, the offending person will be directed to leave promptly.

3. When an individual is directed to leave under such Paragraph 1 or 2 circumstances, the Principal or designee shall inform the person that he/she will be guilty of a misdemeanor in accordance with California Education Code 44811 and Penal Codes 415.5 and 626.7, if he/she reenters any District facility within 30 days after being directed to leave, or within 14 days if the person is a parent/guardian of a student attending that school. If any individual refuses to leave upon request or returns before the applicable period of time, the Principal or designee may notify law enforcement officials. An Incident Report (Exhibit 1310.1 (a)) should be completed for the situations as set forth in Paragraphs 1 and 2.

Examples of Conduct Which Violates the Civility Policy

The Civility Policy prohibits harassment of District employees. For purposes of this policy, harassment is defined as a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, or harasses the person and which serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress and actually causes such distress (California Code of Civil Procedure §27.6). A course of conduct would include a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including but not limited to:

1. Following or stalking an individual;
2. Making harassing telephone calls to an individual;
3. Sending harassing correspondence to an individual by any means, including, but not limited to:
   a. the use of private mails,
   b. interoffice mail,
   c. computer email, text messages, and instant messages,
   d. facsimile (fax).

Constitutionally protected activity is excluded from the definition of harassment.

Recourse Available for Unacceptable Disruptive Conduct by District Employees or Representatives

Any parent/guardian or member of the public who is subjected to unacceptable conduct from any District representative, other than school personnel, may file a written complaint with the Superintendent.
CIVILITY POLICY

Recourse Available for Unacceptable/Disruptive Conduct by Parents/Guardians and Other Members of the Public

The following are examples of ways by which District employees and school administrators, depending on the circumstances presented, may resolve situations involving parents/guardians and other members of the public who violate the Civility Policy.

1. Provision of Civility Policy:

The District employee may provide to the offending person a written copy of this policy at the time of the occurrence.

2. Request to Cease and Desist Behavior:

District employees may request any parent/guardian or other members of the public who engages in unacceptable and/or disruptive conduct, as described above, to immediately cease his/her conduct and to act and speak civilly, or may report such person and conduct to the appropriate site administrator.

3. Termination of Activity:

If the offending person does not cease his/her inappropriate conduct and/or communication after being requested to do so, the District employee may verbally notify the offending person that the meeting, conference, telephone conversation, or any other activity is terminated. The District employee may terminate personal contact with the offending person. In that event, the District employee or site administrator and the offending person may continue to communicate in writing, if appropriate, regarding the subject matter of the conference, telephone conversation, or other activity that was terminated.

4. Request to Leave School Grounds/Report to Law Enforcement:

If the meeting, conference, or other conduct is on District premises, or interferes with, or is disruptive of school or school activities, the appropriate site administrators or their designees may issue a formal warning, notify the offending person to promptly leave the school grounds and not return pursuant to Education Codes 33210, 33211, 44810, 44811 and Penal Codes 626.4, 626.7 and 626.8. The form of the notification is attached hereto as Exhibit 1310.1(b).
CIVILITY POLICY

The form entitled, "Withdrawal of Consent" is to be used when the Principal chooses to base his/her decision to direct the individual off of the school campus upon Education Code 32211 or Penal Code sections 626.7, 626.8 or 653(g).

5. Handling Violence, Threat, Battery or Other Illegal Action:

When violence, threat, assault, battery or other illegal action is threatened or directed, District employees may: (1) report the occurrence to their Principal or supervisor, (2) complete an Incident Report, and/or (3) report the incident to law enforcement officials.

In extraordinary circumstances the District may assist the affected employee(s) in obtaining a restraining order against the offending person pursuant to California Code of Civil Procedure sections 527.6 and 527.8.

Complaint Procedure Concerning Violations of the Civility Policy by Parents/Guardians or Other Members of the Public

All complaints against/involving parents/guardians or other members of the public shall be initially filed with the Superintendent or designee. At the discretion of the Superintendent or designee, the complaint may be referred to the appropriate school site or department in an attempt to informally resolve the matter.

The complaint must be submitted on the designated complaint form (see Exhibit 1310.1(a)). Complaints that do not contain specific factual allegations concerning the purported misconduct and the desired remedy will not be processed.

The complaint must be filed not later than one month from the date the alleged misconduct occurred or, if such be the case, one month from the date complainant knew or, in the exercise of reasonable care and diligence, should have known of the alleged misconduct.

The school site or department level may attempt to resolve the complaint informally within 10 working days of receipt of the complaint. If the complaint is referred to, and is not resolved at the school site or department level, as the case may be, the Superintendent or designee shall conduct an investigation, which may include a conference with the complainant and the alleged violator. The Superintendent or designee shall complete the investigation within 20 working days from his/her receipt of the complaint from the school site or department level. Within 10 working days thereafter, the Superintendent shall render his/her decision concerning the merits of the complaint and the requested remedy, which shall be in writing, and served on both the complainant and the alleged violator. The Superintendent or designee's decision shall be final.

CHRONIC ABSENCE AND TRUANCY

The Governing Board believes that excessive student absenteeism and tardiness, whether caused by excused or unexcused absences, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. To encourage school attendance, the Superintendent or designee shall develop strategies that focus on prevention and early intervention of attendance problems. Preventive strategies may include efforts to provide a safe and positive school environment, relevant and engaging learning experiences, and school activities that help develop students’ feelings of connectedness with the schools. The Superintendent or designee also may provide incentives and rewards to recognize students who achieve excellent attendance or demonstrate significant improvement in attendance.

DRESS AND GROOMING

The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students have the right to make individual choices from a wide range of clothing and grooming styles, but they must not present a health or safety hazard or a distraction which would interfere with the educational process.

(cf. 4119.22 - Dress and Grooming)
(cf. 5145.2 - Freedom of Speech/Expression)

The Board considers application of this policy to be a site administrative responsibility within the jurisdiction of the principal. Details and specific rules which apply shall be an administrative decision. In developing standards of student dress, the administration shall consider the effect that wearing apparel may have on students' attitude toward learning and the effect certain apparel may have on other students.

Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. A student who violates the dress code shall be subject to appropriate disciplinary action.

(cf. 5144 - Discipline)

The principal, staff, students, and parents/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

The Board has determined that gangs constitute a danger to students, and the Superintendent or designee shall restrict student dress and grooming as necessary to comply with Board Policy 5136 related to gang activity.

Uniforms

The Board recognizes that, in order to promote student safety and discourage theft, peer rivalry, and/or gang activity, the principal, staff, and parents/guardians at a district school may wish to establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval.

The Board shall approve such dress codes when it determines they are necessary for the health and safety of the school’s students.
DRESS AND GROOMING

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children not comply with an adopted school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide.

School plans requiring students to wear uniforms shall identify a source of funding available for the purchase of uniforms by economically disadvantaged students.

In schools where a schoolwide uniform is required, the principal, staff, and parents/guardians of the individual school shall jointly select the specific uniform to be worn.

The principal or designee shall give parents/guardians at least six months' notice before a school uniform policy is implemented.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting.

GANGS

The Board of Trustees desires to provide safe schools for all students and staff in the district. The Board, therefore, views with extreme concern any act of violence, intimidation, disruption of the orderly operation of the school, activities inciting others and the commission of any unlawful acts on school campuses and at school activities. Therefore, any individual student and/or any group of students acting in concert or as a gang found in violation of Board policy, administrative regulations, school rules or state law are to be recommended to the Board for suspension/expulsion. School personnel shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

The administration is to be sensitive to the early manifestations of such activities including, but not limited to, the presence of insignias, apparel and verbal, nonverbal and written symbols.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

Any individual student manifesting gang behavior or acting in an organized manner to disrupt the activities of the school will be subject to disciplinary action by the school principal or designee.

Interventions

The school administration is to be sensitive to the presence of gang activities and take the steps necessary to provide safe campuses. Among these are:

1. Identification of the leaders and members.

2. Regular meetings are to be held with local law enforcement agencies and other agencies to ascertain the presence of such groups in the community and the potential for school disruptions or events.

3. Regular in-service programs for staff members.

To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently during school hours and at school activities. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

Under the California Constitution, students have the inalienable right to attend schools which are safe, secure and peaceful. The Board subscribes to the philosophy that students should be provided with a quality education in a safe, secure and peaceful environment. The Board has determined and

Students

BP 5136(b)

finds that the presence of any gang-related jewelry, insignia, colors, paraphernalia, apparel, clothing and attire on school campuses and at school activities results in disruption of or material interference with institutional and other activities and so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or the disruption of the orderly operation of the school. Specifically, the Board finds that it is necessary to establish a dress and grooming policy designed to regulate the wearing of or display of clothing, attire, jewelry, apparel, insignia, colors, paraphernalia or materials that evidence membership in or affiliation with any gang; which are obscene, sexually explicit or suggestive; which promote the use/abuse of drugs and/or alcohol; which pose a threat to the physical well-being and safety of students or are likely to cause others to be intimidated by fear of violence; or which so incite students as to create a clear and present danger of the commission of unlawful acts on school premises or at school activities, or the violation of law or lawful school regulations, or the disruption of or material interference with the orderly operation of the school or school-sponsored activities.

As necessary to protect the health, safety and welfare of students and staff, school officials may search students, their property and/or district property under their control, and may seize illegal, unsafe and prohibited items. The Governing Board requires that discretion, good judgment and common sense be exercised in all cases of search and seizure.

Individual Searches

School officials may search individual students, their property and district property under their control, when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school.

Employees shall not conduct strip searches or body cavity searches of any student. *(Education Code 49050)*

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

*(cf. 5145.11 - Questioning and Apprehension)*

Student Lockers/Desks

The principal or designee may conduct a general inspection of school properties that are within the control of students, such as lockers and desks, on a regular, announced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned.

Because lockers and desks are under the joint control of the student and the district, school officials shall have the right and ability to open and inspect any school locker or desk without student permission or prior notice when they have reasonable suspicion that the search will uncover evidence of illegal possessions or activities or when odors, smoke, fire and/or other threats to health, welfare or safety emanate from the locker or desk.

Use of Metal Detectors

The Board believes that the presence of weapons in the schools threatens the district's ability to provide the safe and orderly learning environment to which district students and staff are entitled. The Board also believes that metal detector searches offer a reasonable means to keep weapons out of the schools and mitigate the fears of students and staff. The Superintendent or designee shall establish procedures that ensure that metal detector searches are conducted in a consistent manner that precludes arbitrary and capricious enforcement by school officials.
SEARCH AND SEIZURE

The Superintendent or designee shall establish procedures that ensure that metal detector searches are conducted in a consistent manner that precludes arbitrary and capricious enforcement by school officials.

(cf. 5131.7 - Weapons and Dangerous Instruments)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

Use of Drug-Detection Dogs

In an effort to keep the schools free of drugs, the district may use specially trained non-aggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board policy. The dogs may sniff the air around lockers, desks, or vehicles on district property or at district-sponsored events as long as they are not allowed to sniff within the close proximity of any students.

SEARCH AND SEIZURE

Use of Metal Detectors

The following procedures shall be followed when making metal detector scans:

1. Before walk-through, students shall be asked to empty their pockets of metallic objects.

2. If an initial activation occurs, students shall be asked to remove other metallic objects they may be wearing (e.g., belt and jewelry) before a second scan.

3. If the activation is not eliminated or explained, staff shall escort the student to a private area.

4. In the private area, an expanded search shall be conducted by a staff member of the same gender as the student, in the presence of another district employee.

5. The search shall be limited to the detection of weapons.

Use of Drug-Detection Dogs

Drug-detection dogs shall not be used in rooms occupied by persons except for demonstration purposes, with the handler present. When used for demonstration purposes, the dog shall be separated from the students and not allowed to sniff any individual.

Only the dog's official handler shall determine what constitutes an alert by the dog. If the dog alerts on a particular item or place, the student having the use of that item or place, or responsibility for it, shall be called to witness the search. If a dog alerts on a locked vehicle, the student who brought the vehicle onto district property shall be asked to unlock it for inspection.

SEXUAL HARASSMENT

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. CLASSROOM INTERRUPTIONS

The Board of Trustees recognizes the importance of providing students with sustained, uninterrupted instruction. Allowing interruptions during class time implies to students that what is occurring in the classroom lacks value. Therefore, interruptions and distractions must be controlled and avoided to ensure that teachers can dedicate classroom time to the instruction of students.

Legal Reference:
EDUCATION CODE
32212 Classroom interruptions
CLASSROOM INTERRUPTIONS

1. The Superintendent or designee shall require the school principal to limit office summons and the use of student messengers to a brief, specified period of time during the school day. Messages should be briefly and clearly stated in order to reduce the amount of time devoted to non-instructional activities.

2. Announcements that are only pertinent to teachers should be put in writing.

3. Teachers should be notified in advance of all programming that takes students away from regular classroom instruction.

4. To avoid unplanned entrances to classrooms, visitors should be encouraged to make appointments.

5. Whenever possible, school maintenance and housekeeping activities should be scheduled before or after school hours.

6. The principal or designee is authorized to make on-site decisions in matters of emergency or urgency that require classroom interruptions.
RECOGNITION OF RELIGIOUS BELIEFS AND CUSTOMS

The Governing Board recognizes that students’ education would be incomplete without an understanding of the role of religion in history. It is both proper and important for teachers to objectively discuss the influences of various religions, using religious works and symbols to illustrate their relationship with society, literature, or the arts. The Board expects that such instruction will identify principles common to all religions and foster respect for the multiple creeds practiced by the peoples of the world.

In order to respect each student’s individual right to freedom of religious practice, religious indoctrination is clearly forbidden in the public schools. Instruction about religion must not favor, promote, or demean the beliefs or customs of any particular religion or sect. Staff shall be highly sensitive to its obligation not to interfere with the religious development of any student in whatever tradition the student embraces.

Staff shall not endorse, encourage, or solicit religious or anti-religious expression or activities among students. They shall not lead students in prayer or participate in student-initiated prayer. However, staff shall not prohibit or discourage any student from praying or otherwise expressing his/her religious belief as long as this does not disrupt the educational process.

Students may express their beliefs about religion in their homework, artwork, and other written and oral reports if the expression is germane to the assignment. Such work shall be judged by ordinary academic standards, free of discrimination based on religious content.

Religious Holidays

Whereas teaching about religious holidays is a permissible part of the educational program, celebrating religious holidays is not allowed in the public schools. School-sponsored programs shall not be, nor have the effect of being, religiously oriented or a religious celebration.

(cf. 5113 - Absences and Excuses)

School and classroom decorations may express seasonal themes that are not religious in nature.

Health/Family Life/Sex Education

Upon written request of the parent/guardian, a student shall be excused from any part of health, family life, or sex education which conflicts with the religious training, beliefs, or personal moral convictions of the parent/guardian or student. (Education Code 51240)

The Superintendent or designee shall provide age-appropriate instruction regarding the district's Acceptable Use Agreement, including instruction on the safe use of social networking sites and other Internet services including, but not limited to, the dangers of posting personal information online, misrepresentation by online predators, and how to report inappropriate or offensive content or threats.

(cf. 6143 - Courses of Study)

The Superintendent or designee, with input from students and appropriate staff, shall regularly review this policy, the accompanying administrative regulation and other relevant procedures to help ensure that the district adapts to changing technologies and circumstances.

Use of District Computers for Online Services/Internet Access

The Superintendent or designee shall ensure that all district Internet access has technology protection measures that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors, and that the operation of such measures is enforced. (20 USC 6777, 47 USC 254)

The Board desires to protect students from access to inappropriate matter on the Internet. The Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet. He/she also shall establish regulations

to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication, and other social networking sites deemed appropriate.

Before using the district's technological resources, each student and his/her parent/guardian shall sign and return an Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree to not hold the district or any district staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or users' mistakes or negligence. They shall also agree to indemnify and hold harmless the district and district personnel for any damages or costs incurred.

(cf. 6162.6 - Use of Copyrighted Materials)

Staff shall supervise students while they are using online services and may ask teacher aides, student aides, and volunteers to assist in this supervision.

If a disruption occurs, or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If a school employee finds it necessary to confiscate a device, he/she shall return it at the end of the class period or school day.

A student who violates this policy may be prohibited from possessing a mobile communications device at school or school-related events and/or may be subject to discipline in accordance with Board policy and administrative regulation.

Use of Student Personal Technology Devices for Online Services/Internet Access

The Superintendent or designee shall ensure that all students will have the opportunity to bring their own personal technology devices for academic use. Students using their own laptops must have current anti-virus software installed before accessing district resources.

The Superintendent or designee shall ensure that all will have access to the district's electronic communications system for educational purposes. The electronic communications system is defined as the district's network, servers, computers, mobile devices, peripherals, applications, databases, online resources, Internet access, email, and any other technology designated for use by students.

It will be each student's responsibility to follow the rules for appropriate and responsible use.
